

# OTHER LODGINGS

For students who are not to live in WID, you should look for your accommodation on your own(see page 131). There are private real estate agents available around Waseda University. Please note that you should pay key money(non-returnable) and deposit money (bond), which is a unique custom in Japan. Therefore, please talk to your guarantor or people who are familiar with this custom in advance and then decide.

Here is the list of lodgings which is willingly to accept foreign students.

Please note, the list of dorms below is not a recommendation, rather only to be used as a reference. The information is subject to change. Interested parties should contact the dorms directly for more information.
