However, it must be returned along with any materials borrowed from the library before the end of the affiliation period / departure.

12. **Insurance**

We recommend that visiting researchers take out travel insurance in their own country before departure. Those who hold a Residence Card (those who will stay in Japan for 91 or more days) are required to join the National Health Insurance Scheme. The premiums for this are the responsibility of the visiting researchers themselves. Those who do not hold a Residence Card are not eligible for National Health Insurance.  

13. **Resident Registration**

Researchers holding a Resident Card must visit the City/Ward Office of the city/ward in which they are residing for Resident Registration. When visiting the City/Ward Office, visiting researchers are strongly advised to enroll in the National Health Insurance Scheme stated above. This is not necessary for visiting researchers who are staying in Japan for 90 days or less and do not hold a Residence Card.

14. **Change in Affiliation Period**
Should there be a change in a visiting researcher’s affiliation period at Waseda of 15 days or more, a new plan must be re-screened along with certain other required documents. Please contact the International Office for details.

15. Frequently Asked Questions

Q1: What should I do if I have to shorten my research period after arrival?
A1: With the consent of your host professor, please let the International Office know a shortened period and a reason for shortening your period by email.

Q2: Can I extend my research period?
A2: With the consent of your host professor, you can apply for an extension through the International Office. Please see the application procedures for details. https://www.waseda.jp/top/en/about/work/organizations/international-affairs-division/iss/faq

Q3: I have moved, is there anything I need to do?
A3: Please visit the City/Ward Office of your new residence for necessary administrative registrations.

Q4: Are Japanese language courses offered to visiting researchers at Waseda University?
A4: It is possible for visiting researchers to take Japanese language courses offered by the Center for Japanese Language (https://www.waseda.jp/inst/cjl/en/). However, we ask those wishing to do so to please be aware of the following points.
  ➢ Waseda students have priority in course enrollment.
  ➢ Visiting researchers can only register for courses that have open spaces remaining.
  ➢ Visiting researchers (Visiting Scholars, Visiting Research Fellows and Research Interns) wishing to take Japanese language courses must complete the prescribed procedures for course registration within the designated time frame.
  ➢ Course registration must be completed in advance. Visiting researchers can register in March for spring semester and in September for fall semester at the Center for Japanese Language.
  ➢ If there is a high number of registrants for a course (those wishing to take the course), enrollment will be determined by a lottery. Therefore, it is possible that not all those who registered (and applied) for the course will be able to take the course.
  ➢ There are restrictions on the number of credits visiting researchers are able to register for.
  ➢ Visiting researchers must pay tuition fees to attend courses.
  ➢ It is not possible to drop courses once course enrollment has been finalized.
  ➢ For details, please refer to this year’s Japanese Language Course Registration Guidebook & Syllabus or contact the Center for Japanese Language (cjl-4f@list.waseda.jp).

Q5: Is there a medical facility on the Waseda campus?
A5: The Health Support Center (Bldg.25-2) provides some medical services with charge. https://www.waseda.jp/inst/hsc/en

Q6: Can I use the sports facilities on the Waseda Campus?
A6: You may use the gym located in Bldg.30 and the swimming pool located in Bldg.36 at Toyama Campus. A medical certificate is necessary for registration. Medical checks can be done at some hospitals nearby.
  Swimming pool: https://www.waseda.jp/inst/athletic/assets/uploads/2022/03/pool_2022_e.pdf

Q7: Can I work during my stay?
A7: The purpose of your affiliation with Waseda University is to further your research. Therefore, you are not permitted to engage in regular work nor can you receive any salary or remuneration during
your research stay.

**Q8: Can I receive an honorarium for giving a lecture at a conference or workshop?**
A8: Honoraria for occasionally giving lectures at Waseda University are permitted. However, some grant policies do restrict receipt of honoraria. Please contact your grant office beforehand if you have any queries about this.

**Q9: What are the procedures I must complete before leaving Japan?**
A9: Please return your ID card and research room key (if any) to the International Office. Your library card must be returned to the library reception desk.

**Q10: Can I open a bank account in Japan?**
A10: Whether or not you can open a bank account depends on the regulations of each bank. If it has been less than six months from your date of arrival in Japan, you will be regarded as a “non-resident”. This may make it difficult to open a bank account with certain banks in Japan. Therefore, we suggest that you prepare to receive remittances from an overseas bank prior to your arrival.

*If you are staying in Japan as a short-term resident, and consequently do not possess a Resident Card, you will be unable to open a bank account in Japan. Please secure the necessary funds for living costs for your stay in Japan before your arrival.

**Q11: Can I request the return of the documents or certificates I submitted?**
A11: Waseda University will not return documents or certificates submitted for application.

*Waseda University will not be responsible for any certificates that cannot be reissued, such as an original “Marriage Certificate” or “Birth Certificate”. Please submit notarized copies of Certificates of Marriage or Family relations. Whenever you are asked to submit documents that will not be re-issued as part of the above mentioned Visa procedures, a copy of the original with an official signature, seal such as “公証書” (koushousho) should be submitted.

**Q12: Can I request an issuance of certificates?**
A12: Upon request, the International Office issues a Certificate of Incumbency and/or a Certificate of Completion on a university-specific form for Visiting Scholars, Visiting Research Fellows and Research Interns. Please contact the International Office to request the certificates. Please note that Waseda University can only issue the certificates on the university-specific form, and cannot provide signatures or affix the university seal to another form (including but not limited to forms issued by your home university or fellowship organization).
