

Information about University-wide Open Courses for the SILS 1-year/semester Study Abroad Program (Study Plan 3 in SILS)

University-wide Open courses are the ones offered to all Waseda students regardless of the school they belong to.

They are offered by 1) Global Education Center, 2) Center for International Education (CIE), and 3) schools other than SILS.

The Global Education Center offers courses in various fields and **most of the courses are conducted in Japanese.**

As these courses are designed for average Japanese college students, the same level of Japanese proficiency that they have is required to take these courses.

Also, SILS Study Plan 3 (SP3) students can take Center for International Education (CIE) courses and the University-wide Open courses offered by schools other than SILS as well.

Although most of the courses are conducted in Japanese, CIE and some of the schools other than SILS offer English courses.

However, please keep in mind that the number is quite limited.
