

## **Innovation**

**SHIMIZU, Hiroshi**

### **1. Area of expertise, research area, or current themes in his/her research**

I am exploring (1) How certain patterns emerge and evolve overtime in innovation, (2) What factors influence the trajectory formation, and (3) How a firm strategically use the pattern of innovation.

### **2. Supervision Policy**

I will assist you to raise your own questions, develop hypotheses, construct research designs. I will help you think how your research contributes to the academic argument. I would like you to become a scholar who can contribute to both the academics and the industry.

### **3. Advice to prospective students**

Students are supposed (1) to do your own research and (2) to be committed to the joint research projects.
