Frequently Asked Questions

What kind of orientation, if any, do you provide?

The International Students Office offers an Orientation session which includes social activities and informational meetings. (Residence permit, medical coverage/care in France, academic information, etc.).

What teaching methods are used?

Tutorials, lectures, workshops, seminars. Please consult the courses syllabus.

What is the regular workload?

30 ECTS is the regular (and maximum) workload per semester for EDHEC students. We strongly recommend a workload of 30 ECTS for exchange students (with 15 ECTS being the minimum). The home university decides what the requirements are for their students (unless it is a Double Degree seeking student in which case students have to take all courses in their study programme, according to the Double Degree exchange agreement).

Can I change my course choice after the beginning of classes?

Once the Learning Agreement is signed and approved by your home institution, changes to your course choice are not allowed. We strongly advise students to carefully review the syllabus of each course before choosing it, and to consult with their home university coordinator before confirming and submitting their course choices.

Is class attendance mandatory?

Yes, class attendance is mandatory for exchange students. Absences and leaving early is not allowed during the exchange period, and sick leave must be justified by a medical certificate in order to be excused. In certain cases, students may be refused permission to sit their final exams due to absences. Attendance in classes is vital as it is not only in the best interests of the student to attend classes regularly, but it also guarantees that groups function properly.

Is my schedule definite?

Your timetable is flexible and could be subject to modifications, so we advise you to check it on a daily basis. Please note that **you are expected to stay until the last day of the semester, exams included**.

What equipment is required?

A laptop is required at EDHEC, students will have to use it for group work and for courses. **Tablets, iPads and Chromebooks are not compatible with the software used for exams.**

What is the grading system used?

Scale from 0 to 20. 10 is a passing grade = you obtain credits. Below 10 is a fail = no credits awarded.

Do you offer RESIT exams?

Yes, resit exams are offered in June. Resit exams **cannot** be taken outside of the EDHEC Lille or Nice Campus.

When do students receive their transcripts?

Students have access to their grades and official transcripts via their MyEDHEC account. For Fall semester: in February. For Spring semester: in June.

What are the facilities/services available to students?

- Computers and wireless internet access
- On-campus library
- Photocopy machines and printers
- On-campus cafeteria in Nice
  3 on-campus restauration options in Lille
- Sports facilities
- Each exchange student is given an email account upon arrival.

Do exchange students have access to our Career Center?

Exchange students have access to the EDHEC database, however EDHEC cannot sign any placement contracts for exchange students and French companies. Students must make arrangements with their home university. Students must also verify visa requirements and procedures with the French Embassy in their home country for and during the internship period if necessary.
