# 1. Outline of the Graduate School of Business and Finance, Waseda University

The Graduate School of Business and Finance, also referred to as Waseda Business School (or WBS), as a part of Waseda University’s overall professional degree curricula, seeks to integrate learning and practice, and instill in its students an astute understanding of ethics as expected of professional business leaders. This is in accordance with Waseda University’s founding ethos of “the Independence of Learning, the Practical Utilization of Knowledge, and Fostering Good Citizens.” WBS also seeks to cultivate human resources with advanced specialist knowledge in management and a broad range of applied skills for business. In addition, its educational objectives are to (1) provide students with advanced and practical education in business and finance; (2) have them acquire advanced knowledge in various related subject areas; (3) provide them with recurrent educational opportunities designed for business and finance professionals; and (4) ensure they can respond to global business environments.

Designated as a Major in Business Administration, WBS will provide students with advanced, specialized, and practical education in business and finance. Students will choose from either the MBA Program, which focuses on a business-centered curriculum, or the MSc in Finance Program, which offers a finance-centered curriculum. The name of the degree for the MBA Program will be Master of Business Administration (MBA), which is a degree widely conferred throughout the world to those who have mastered all fields of business administration, while the name of the degree for the MSc in Finance Program will be Master of Science in Finance, which is also widely conferred, particularly in Europe and Asia, and provides students with the skills they will need for quantitative analysis and help them acquire foundational knowledge in finance.

## **2. General Statement on Degree Requirements, Curriculum, and Admissions**

### **1. Diploma Policy (Requirements for Graduation and Earning a Degree)**

Waseda University's mission is to foster diverse learning and exchanges of culture, language, and values in order to educate professionals able to contribute independently to global society. To achieve this mission, the University's comprehensive and creative capacities must be brought to bear to provide such opportunities through its systematic curriculum, and the educational and student environments provided university-wide.

The mission of WBS is to educate students to become business leaders who are able to contribute to international society by applying their highly-developed skills and acumen in business and finance – the end result of an educational philosophy which integrates advanced theory and cutting-edge practice.

WBS will confer, onto those persons who have completed a business education program that reflects the latest research findings, based on appropriate standards of evaluation, and who have acquired high-level practical expertise and decision-making skills as business leaders, the degree of Master of Business Administration (MBA), and to those who have acquired advanced financial knowledge and theory based on international standards, the degree of Master of Science in Finance (MSc in Finance).

### **2. Curriculum Policy (Organization and Implementation of Curriculum)**

The goal of WBS is to educate students to become leading professionals in their fields, honing their specialized skills and acumen to a level which earns their place in today's global business society.

It is envisaged that people from a diverse range of backgrounds will enter WBS. Students who already possess basic business knowledge will reaffirm this knowledge while learning foundational knowledge in disciplinary subjects in which they had little exposure to prior to admission, enabling them to better understand new, advanced concepts and theories. Conversely, those students who had not learned foundational business and finance in their undergraduate curricula will be required to acquire this knowledge after admission, in order for them to be able to fulfill their requirements related to the completion of specialized elective courses and in writing their theses.

To accommodate a diverse range of students who are admitted, WBS has outlined an incremental learning curriculum through course offerings comprised of "compulsory core courses," "compulsory elective courses," and "elective courses." Furthermore, with the goal of educating students in advanced problem-solving skills and disciplinary specialization, the School requires all students to earn compulsory credits in specialized research via the MBA Degree Thesis or Project Paper.

WBS is able to provide a well-balanced, educational curriculum through an extensive array of elective courses, including the cultivation of global perspectives and professional ethics, in order that it can offer a wealth of learning opportunities in theoretical and empirical approaches, as well as in the application thereof.

### **3. Admissions Policy (Enrollment of Students)**

Based on Waseda University's educational tenet of "independence of learning," the University welcomes a large number of students from Japan and from throughout the world who bring with them the high marks of academic excellence, who brim with intellectual curiosity and enterprising spirit, and who are highly motivated in their studies.

When students at WBS graduate, they are expected to become the business leaders, executives, as well as the management and finance-sector professionals of the future, and they are expected to contribute widely to international society through the highly specialized knowledge, skills, and ethics that they will acquire while enrolled in their programs.

Regardless of their background, WBS admits applicants who agree with its curriculum policy, who have a clearly drawn vision of the future, and who possess the desire and passion to realize this vision and will spare no effort towards bringing it to fruition. Work experience is not an essential condition for admittance into the two daytime programs, International MBA and MSc in Finance (but it is preferable for applicants to have at least three years of work experience for the International MBA Program). However, applicants for the One-Year MBA Program, the Evening MBA Program, and the Specialized Evening MBA Program must have at least three years' experience, while applicants to the Waseda-Nanyang Double MBA Program must have at least two years' experience. Applicants are expected as professionals to be able to understand the advanced theories and cutting-edge research findings they will study, drawing upon the practical experiences from their individual backgrounds.

### 3. Program and Seminar Introduction

#### International MBA Program

This is a full-time, two-year program designed to provide an abundance of international exposure with the objective of educating students to become global business leaders. The School provides a balanced offering of courses in both English and Japanese languages. English-based students (students who will mainly study in English) will be admitted in September and Japanese-based students (students who will mainly study in Japanese) in April. It offers bilingual Japanese-English courses taken by both Japanese-based and English-based students, intensive courses provided overseas, and abundant study abroad opportunities. As part of the foreign language requirements, students are encouraged to take core courses which are taught in their secondary language (i.e., English for Japanese-based students, Japanese for English-based students), as well as language-learning courses.

The International MBA Program, upon admission, provides unique learning environment through Zemi (Seminar). Unlike capstone courses and workshop-style seminars, the Zemi engages students longitudinally. Supervised by a professor, students are enrolled in their Zemi courses for the length of their enrollment, engaging in interactive, discussion-based class work with a small number of their peers with similar research interests. In addition to the in-class work, this small unit goes out for field work and extracurricular activities, developing a special bond as a cohort which often interacts with other zemi as well as alumni. Students are expected to gain the skills and methodology to conduct their research, deepen their academic/professional insights, and improve rational problem-solving techniques through the overall Zemi activities. Their MBA Degree Thesis represents the capstone of their academic work at IMBA.

## 9. Student Visa [Information by Waseda Center for International Education]

International students who are admitted to Waseda University are able to apply for a status of residence “Student”. Those with the status of residence “Student” are eligible to apply for tuition reduction/exemptions and scholarships for international students. Those with a status of residence other than “Student” are eligible to enter Waseda University but please be aware that you cannot use various services and systems intended for international students as stated above. Please take note that students are not eligible to enroll in the university with a “Temporary Visitor” visa status.

(1) If you do not have a status of residence in Japan (If you are NOT a resident in Japan)

1. In order to apply for a visa to enter Japan, you will first need to obtain a certificate of eligibility (COE) from the Immigration Bureau of the Ministry of Justice of Japan, located in Japan. If you are a foreign national applying from outside Japan and have completed payment of the admission fee and designated school expenses for enrollment, the Center for International Education will apply for your certificate of eligibility to the Immigration Bureau on behalf of you. You must send the required documents by registered mail (international courier service, etc.) to arrive at the WBS office no later than the deadline date. See “COE Application by Proxy” for details. Since it takes one to two months before the Immigration Bureau makes a decision, we advise you to complete the payment and submit COE application documents early, regardless of the deadline.
2. After the COE is issued, Waseda University will send it to you by mail (we send to addresses outside Japan only). Upon receiving the COE, you need to take the COE and your passport, and a certificate of admission to the Japanese embassy or consulate in your area to apply for a “Student” visa. After receipt of a visa to Japan, you are supposed to enter Japan as a student within three months of the issuance of a COE.

[Sequence of Steps (1 to 7) Involved in Obtaining a “Student” Visa]

### Visa waiver and Temporary Visitor visa holders

If you enter Japan as a visa waiver or on a Temporary Visitor visa (within 90 days of stay in Japan, and no activities involving the receipt of money such as sightseeing, making business contact, visiting relatives, etc.), in principle, you will not be allowed to change your visa status while in Japan. However, if it is difficult for you to return to your home country before the start of the new semester due to the entrance exam held at the end of the academic year, you can go to the Immigration Bureau yourself, apply for a COE, get authorization, and go through procedures of changing your status of residence upon issuance of COE. However, please take note that this procedure is an exception, and you may not be allowed to acquire a status of residence. In such a case, you will need to temporarily leave Japan, submit your COE to the Japanese embassy/ consulate in your country of citizenship/residence, receive a “Student” visa, and return to Japan. The Immigration Bureau is solely responsible for decisions regarding status of residence. Waseda University cannot be held responsible for the duration of assessment and outcome.

(2) If you have a status of residence (If you are a resident in Japan)

1. If you have a status of residence “Student”

If you currently have a status of residence “Student”, please process the “application for extension of period of stay” as necessary. You are able to apply for an extension of period of stay from three months before your status of residence expires. For details regarding this application, please see “How to apply for a visa extension,” Visa-Related Procedures, the website of the Center for International Education at:  
<http://www.cie-waseda.jp/visastatus/en/prospective/studentstatus.html>

2. If you have a status of residence “Temporary Visitor”

If you currently have a status of residence “Temporary Visitor,” as a general rule, you will need to temporarily leave Japan and apply for status of residence “Student.” For details on how to apply for a status of resident “Student,” please refer to “(1) If you do not have a status of residence in Japan.”

3. If you have a status of residence other than “Student”

If you currently have a status of residence such as “Long Term Resident,” “Dependent,” etc., there is no need for you to undertake any procedures. However, if you wish to change your status of residence to “Student,” you will need to apply for a change of status of residence. For details on procedures of applying for a change of status of residence, please refer to the following website.

<http://www.cie-waseda.jp/visastatus/en/current/changevisastatus.html>

a) A Certificate of Admission

After you admitted, if you wish to apply for extension or change your status of residence before you are given student ID number, you need a “certificate of admission” to make an application. After paying the admission fee and designated school expenses, please be sure to submit a request to the office of the school you are scheduled to join to issue an original copy of the certificate of admission.

b) Application for extension or change of your status of residence

In order to apply for an extension or change of your status of residence, you need a completed application form with an official stamp of Waseda University. Prior to making the application to the Immigration Bureau, please visit the Center for International Education in person (located on the 4<sup>th</sup> floor, building No.22, Waseda Campus) with the application form and a certificate of admission, and other necessary documents. If you have difficulty in visiting the Center for International Education due to living in a distant place from Tokyo or any other reason, please inquire the Center for International Education.
