This track is for applicants who hold a valid GMAT or GRE score.

- Applicants must submit **two letters of recommendation** from individuals who can evaluate the applicant's academic or professional abilities. These may include university faculty members, academic supervisors, or workplace supervisors.
- There are **three application periods** annually.
- Screening is conducted primarily through document review. An online interview may be required for selected applicants.

2. Application for Family Business Successors

This track is intended for applicants who are expected to succeed in a family-owned company that is either publicly listed or of comparable scale. Co-founders and individuals who have already completed their succession are not eligible.

[Note]

- Applicants may only apply to one program (IMBA or MSc in Finance) per Application Round.

- Only applicants admitted in the first application round may be considered for nomination for the MEXT Scholarship (University Recommendation). Please refer to page 20 for more details.

[Recommendation]

The WBS Admissions Office recommends you apply for the earlier rounds for the following reasons.

- **Repeated applications are acceptable** for those who were unsuccessful at an earlier round. However, the applicants who wish to apply again need to substantially improve the quality of their applications, such as GMAT (or GRE) score, TOEFL / IELTS / TOEIC (Listening & Reading), or other significant academic/professional achievements.
- For international applicants, obtaining a visa may take more time than expected (about two months or more).

Applicant Qualifications

Applicants must fulfill one of the following requirements by the time the applicants wish to enroll.

1. Graduated or are scheduled to graduate from a university in Japan.
2. Received or are scheduled to receive a bachelor's degree from the National Institution for Academic Degrees and Quality Enhancement of Higher Education.
3. Completed or are scheduled to complete 16 years of formal education outside Japan.
4. Received or are expected to receive a degree equivalent to a bachelor's degree from a university or other school outside of Japan by completing a course of study lasting three years or more.
5. Designated by the Minister of Education, Culture, Sports, Science, and Technology.
6. Recognized individually by the Graduate School of Business and Finance as having academic credentials equivalent or superior to those of university graduates and will reach 22 years of age.

[Note]

- Faculty members of Waseda University, including Waseda University Junior/Senior High School, Waseda University Honjo Senior High School, and Art and Architecture School are not allowed to enroll as students at the University. However, there are few exceptions according to the University regulations. If you have any questions, please contact the Waseda University administrative offices.
- "University" mentioned in Requirements 1 and 6 refers to a university that is approved by the Ministry of Education, Culture, Sports, Science and Technology of Japan.
- Graduates from three-year specialized college (zhuanke) programs in China do not meet the Requirements 4. However, those who have graduated from a four-year (benke) program after graduating from a three-year program, and completed 16 years of school education will be considered to fulfill Requirement 3.
- "Completed 16 years of formal school education outside Japan" regarding Requirement 3 implies "Completed the '16th year' of formal school education outside of Japan." It is not based on whether or not you have received 16 years of education, but on whether or not you have completed the "16th year" of education. If you have completed your education in a country where the formal education (from elementary to higher education) is less than 16 years, we will examine your educational background in advance to confirm your eligibility.
- If you are unsure whether you meet Requirements 3 and 6, please submit the following online form. Applicants recognized by WBS as having academic credentials equivalent or superior to a university graduate are eligible to apply.

Visa and Status of Residence

[Information by Waseda Center for International Education (CIE)]

CIE Website for Status of Residence: <http://www.cie-waseda.jp/visastatus/en/index.html>

Acquisition of "Student" Status of Residence

If you have been admitted to Waseda University as an international student, you can apply for a status of residence of "Student". Those with such status are eligible to apply for tuition reduction, exemptions and scholarships for international students. **If your status of residence is not "Student," you cannot use these services or systems intended for international students.**

The University does not allow enrollment if you have a "Temporary Visitor" status. If any of the situations (1) to (6) below apply to you, you need to take the necessary measures, such as extending your period of stay, changing your status of residence, or requesting for a COE application by proxy. **To complete these procedures, you must pay the Registration Fee, tuition fees, and other fees.** If you need a "certificate of admission" for your application, it will be provided upon request after your payment is confirmed.

(1) If you have a status of residence of "Student"

If you currently have a status of residence of "Student," please apply for "extension of period of stay" as necessary. You can do this starting three months before your current status expires. For details, refer to ["If your current status of residence is "Student"'"](#) in "For Prospective Students" on the website.

(2) If you have a status of residence of "Temporary Visitor"

If you currently have a "Temporary Visitor" status, as a general rule, apply for a status of residence of "Student." For details on how to apply, refer to **"(4) If you do not have a status of residence"** below.

(3) If your status of residence is other than "Student" or "Temporary Visitor"

If you finish the activity related to your current status of residence, you will need to change your status to "Student." **If your situation does not change, such as if you remain a "Dependent," follow the procedure that matches your situation.** For more information, refer to ["If your current status of residence is other than "Student"'"](#) in "For Prospective Students" on the website.

Note: To apply for an extension of period of stay or to change of status of residence, you need a document from Waseda bearing the University's seal. Please submit the required documents, such as your application form or certificate of admission, to get this sealed document before you apply to the Immigration Services Bureau.

(4) If you do not have a status of residence

To apply for a status of residence, you first need to obtain a certificate of eligibility (COE) from the Immigration Services Bureau in Japan. Waseda University will apply for a COE on behalf of **international students residing outside Japan only after they have completed the enrollment procedures.** Once the University receives the COE, they will email it to you. You must then take it with your passport to the Japanese embassy or consulate in your country of nationality or residence to apply for a "Student" visa. The COE is valid for three months after issuance, so you must enter Japan before it expires. Because the Immigration Services Bureau takes around two months to process the COE, please start the procedure at the appropriate time.

Note:

- **Waseda University will carry out the application by proxy only after you have paid the Registration Fee, tuition fees, and other fees.**
- For information about required documents where to send them, see "Guide for Enrollment" when you are accepted.

【Step Flow to Obtain a “Student” Visa (1→6)】

*The time it takes for “3. Issuance of the COE” depends on the individual situation. In some cases, it takes three to four months.

*The time it takes for “6. Issues Student visa” depends on the embassy or consulate you apply to. In some cases, it takes about three weeks. After submitting your application documents to Waseda University, contact the Japanese embassy or consulate where you intend to apply. Ask them how long it will take to issue your visa.

(5) Acquisition/Change of status of residence

[Visa waiver/Temporary Visitor status holders]

If you enter Japan as a visa waiver or on a Temporary Visitor status (90 days or less of stay in Japan for activities such as sightseeing, business communication, or visiting relatives, etc. that do not involve monetary compensation), in principle, you will need to leave Japan once and then submit your COE to the Japanese embassy or consulate in your country of nationality or residence to acquire a student visa.

Note: If you have a temporary visitor status of 30 days or less, you cannot change your status while in Japan. You must leave Japan, submit your COE to the Japanese embassy or consulate in your country of nationality or residence, and obtain a student visa before re-entering Japan.

(6) Remarks

- The CIE at Waseda University acts on your behalf to apply for a “Student” status of residence only. If you want a different type of status, you need to apply for it yourself at the Immigration Services Bureau.
- The Immigration Services Bureau might ask you to submit extra documents if necessary.
- If you decide not to enter Waseda University, please inform the CIE right away. If you are accepted by another university in Japan at the same time, make sure that you do not apply for a COE through more than one university. Multiple applications will lead to your COE being refused.
- If you have Japanese nationality, you cannot apply for a COE.
- The Immigration Services Bureau oversees all residence status matters. Waseda University cannot control this process, so the University is not responsible for any costs, such as air ticket cancellation fees or other inconveniences caused by issuance delays or denials. Please book your flight at your own risk.
- If you have questions or are unsure about the forms, the CIE cannot help you fill them out. Please use your best judgement to complete them on your own. If the CIE needs to confirm anything in your documents, we will contact you before submitting your application to the Bureau.

<Notice on Japan Pre-Entry Tuberculosis Screening (JPETS)>

Applicants who hold nationality from the Philippines / Vietnam / Indonesia / Nepal / Myanmar / China are required to submit the “Tuberculosis (TB) Clearance Certificate” in addition to the usual Certificate of Eligibility (COE) application documents to prove that you are not infected with TB. The date this rule takes effect differs depending on your nationality, so please be sure to check the details from the following document if applicable.

Environment for Entrance Examination

Please review the following material carefully so that you will know what to expect during the Waseda University Admissions Exam.

1. The exam environment

We will do our best to provide you with a quiet and equitable exam environment. However, please be aware of the following unavoidable conditions that may occur.

 - A) Everyday noise (motor vehicles; airplanes; wind and rain; ventilation: the sound of the air conditioner; coughs, sneezes, and sniffles from the other examinees; the distant noise of mobile phones, etc.) is sometimes unavoidable. As a general rule, no special treatment will be given to any examinee (or group of examinees) owing to any occurrence of "everyday noise." In addition, the examination supervisors may huddle and talk in a quiet manner, but no special treatment will be given in general.
 - B) In the event that a mobile phone or wristwatch rings, vibrates, or otherwise causes a disturbance during the examination, and an examination supervisor can identify a particular device as the source of the disturbance, he/she will remove the device from the bag and stop the ringing, or remove the device from the examination site and keep it at the examination headquarters, with or without the consent of its owner.

- C) You may be asked to leave your seat at the examination supervisor's request in case an examinee sitting next to you needs to leave the room owing to illness or other reasons. Even in such cases, as a general rule, no special measures, such as extending the examination time, will be taken.
- D) While desks, chairs, air conditioning, acoustic equipment, etc., may vary between classrooms used as test sites, this will not be taken as a handicap to any examinee.
- E) If, by the actions of a certain examinee, other examinees are disturbed, the examinee causing the problem may be asked to take the examination in a different room or seat.
- F) If any unusual noises or sounds are detected around an examinee, an examination supervisor may patrol or inspect the area around the seat more closely to identify the source.

2. Accidents/incidents owing to force majeure.

In the event of a natural disaster—such as typhoons, floods, earthquakes, tsunamis, etc.—fires, power outages, or other force majeure accidents or transportation disruptions, measures including delaying the start and end of the examination or postponing the examination, etc. may be taken. However, in such an event, the University will not be liable for any inconvenience, expense, or other personal damage incurred by examinees as a result of such measures.

Handling of Personal Information

Waseda University will use the personal information (address, name, date of birth, etc.) collected at the time of application to discharge duties relating to entrance examinations, announcement of successful applicants, enrollment procedures, and other related work. In doing so, the University will take necessary and appropriate measures to prevent the leakage, outflow, or unauthorized use of such information. The University may outsource all or part of the above-stated items. In such cases, the University will oblige, by contract or other means, the subcontracted entity or entities to perform necessary and appropriate management of the information. The University may inquire about the authenticity, etc., of documents, materials, theses, and information, etc., submitted to the University (hereafter "Submitted Documents") by providing them to the issuers, providers, theses review entities, etc. By submitting or providing the Submitted Documents to the University, the applicant agrees to the University's right to make such inquiries. Personal information that has been statistically processed, keeping individual identities confidential, will be used as material for surveys and research for the University's admission selection processes.
