Project Research Available for September 2020 Admission:

Project research is carried out under the instruction of their academic advisors, where students will learn and master skills to prepare and complete their thesis, to compile, analyze and review relevant information fully and to understand the research methodology. In principle, students belong to and work under one research project seminar respectively through all the school years since the first quarter.

Therefore, please deliberately choose the project research fit to your own research field/interest from the list in the next page available this academic year, by checking the “Project Research” on the GSAPS webpage via this URL (<https://www.waseda.jp/fire/gsaps/en/admissions/project/>).

Generally, all the applicants need to input their own choice(s) (the first/second) for research project in the application form (by online registration), but if it is quite difficult to choose them, they may choose “None”.

The final selection of the Project Research takes into comprehensive consideration the student’s research plan/desire and other documents presented during the admission process.

11. Student Visa

It is, in principle, necessary for international applicants who does not possess Japanese nationality to obtain a “Student Visa” after they have been accepted at GSAPS, completed the prescribed entrance procedures, and effectively made the decision to begin their studies at GSAPS. Students must submit a valid passport and the Certificate of Eligibility (COE) to the Japanese Embassy or Consulate in their home country in order to apply for a “Student Visa.”

GSAPS will act as proxy to obtain the COE from the Tokyo Immigration Bureau of the Ministry of Justice for applicants applying under the Application from Overseas category, who do not possess Japanese nationality. Applicants desiring to have the GSAPS act as their proxy are requested to submit a complete set of the necessary materials at the time of their application to the GSAPS in order to complete the processing in time.

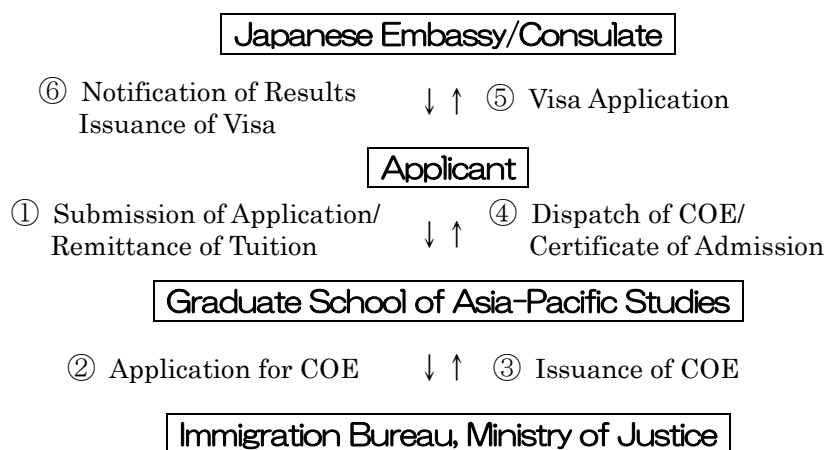

Please note that it takes around 2 months or more until the COE is issued by Tokyo Immigration Bureau after the submission of all required documents.

*For details, please refer to “**Application Materials for the Certificate of Eligibility**” (p.14).

Notes

- All documents must be completed in Japanese or English. If documents are submitted in a language other than Japanese or English, a Japanese or English translation must also be submitted.
- The GSAPS Admissions Office applies for COE only for “Student Visa” on behalf of applicants. Those who intend to apply for other types of visas are required to file their applications by themselves.
- If you do not submit the necessary documents or submitted documents are incomplete, we will not be able to apply for a COE for you.
- If you apply for a COE or a visa separately (i.e. a double application) in case you are accepted by other universities, a COE will not be issued.
- You may be required to submit additional documents by the Immigration Bureau of Japan.
- A COE may not be issued depending on the content of documents prepared by the applicant.
- An applicant who declines to enroll in GSAPS after having received a COE should follow the procedure for declining enrollment and return the COE to the GSAPS Admissions Office immediately.
