

Middlebury Institute of International Studies at Monterey (Scholarship Program/Fabruary2024 Recruitment) Application Guidelines

Graduate School of Asia-Pacific Studies

Update on January 30, 2024

* If you cannot open the links directly, please copy and paste the URLs into your browser.

◆Important Notice◆

- ☐ Before application, please apply after reading this guide thoroughly, fully confirming and having understood the contents of “1. Overview of Program”.
- ☐ As a general rule, students may not withdraw their application after the application deadline. In the unlikely event that you must withdraw under unavoidable circumstances, please contact the Graduate School of Asia-Pacific Studies by the end of February 12 (Mon.) at the latest.
- ☐ Once students have been nominated as study abroad candidates, as a general rule, they are not allowed to withdraw from their program. Withdrawal without an appropriate reason will result in loss of eligibility to apply for future middle- and long-term study abroad programs run by the Graduate School of Asia-Pacific Studies and the CIE.
- ☐ Even after students have been nominated as study abroad candidates, CIE may recommend revocation of their program immediately before departure or after departure due to the following reasons. Please note that in this case, the student must self-pay all expenses incurred up to that point, with no refund from CIE.
 - Poor learning attitude / academic failure
 - Not meeting the deadlines for application / not performing the needed procedures for application
 - Poor attendance to designated events, such as orientations
 - **The situation of the infectious disease such as COVID-19 or the international situation worsens**
 - Apart from the factors above, those being determined by GSAS & CIE as inappropriate for study abroad
- ☐ Waseda University or the partner universities may decide to cancel study abroad or change the program format depending on the situation.
- ☐ Students who have been selected as a candidate for the study abroad program of Waseda University, of which the period overlaps with this program (regardless of the type of study abroad and responsible department), are not eligible to apply through this recruitment.

5. Internal Screening Process

(1) Internal screening process to select students to go abroad

We will consider the following factors comprehensively.

- Academic performance(GPA)
- Language ability (score of TOEFL or other language proficiency tests)
- Written study/research plan
- Essay
- Interview

*We are not able to answer inquiries about the competitive ratio or each program or screening result.

7. Procedures for Candidates

If you are selected as a candidate for the study abroad program, you will need to follow certain procedures before, during, and after your study abroad. The main procedures are as follows. Details will be notified by the CIE. Please follow the instructions and proceed accordingly.

(1) Application to the Host University

- Students who have been selected as candidates after passing the internal screening are eligible to apply to the host universities as students recommended by Waseda University. They need to follow application procedures to the host universities.
- **This does not guarantee that the nominated students will be accepted by the host universities to which they apply.** Please note whether the student can actually go to study abroad will be decided at the screening at the host university.
- Students studying abroad in Master's or Doctoral courses need to inquire at their prospective host universities in advance, as many of those courses require approval from the academic advisors of the host universities. Also, please inform the CIE of the situation at the time of application.
- **After you have been selected as a candidate, you will be required to apply to the host university within a short period of time. Please note that you will also be required to submit an English balance certificate to prove that you have the balance specified by the host university.**
- **Please note that you will be asked to submit a copy of your passport as soon as possible after your**

candidacy is finalized.

(2) Application for Study Abroad Scholarship

- This program provides scholarships exclusive to the participating students. Therefore, you are not allowed to make dual applications for or use other internal scholarships.
- We do not set any restrictions over dual applications or usage of other scholarships regarding the “external scholarships” for which you “apply individually”.

(3) Obtaining a VISA and Purchasing an Airline Ticket

- Visas and residence permits are part of forms required to enter or reside in a certain country for a certain purpose and are stipulated according to the immigration laws of each country.
- You are required to check the information such as the conditions, (application) procedures, and documents (forms, etc.), as well as fees required for obtaining a visa and follow the necessary procedures on your own. Make sure to confirm the latest information (necessary documents, application fees, application time slots) at the embassy and related websites of your host country.
- Depending on the country or visa, there are limits on the types of airline tickets you can obtain to pass immigration. Make sure to check such restrictions on your own.
- Please be aware that **obtaining a visa and purchasing an airline ticket must be done entirely at the applicant’s responsibility.**

(4) Credits Earned during the Study Abroad and Transfer

- Students might not be able to enroll in their desired courses or school for such reasons that they have not completed the prerequisite courses, or there are limited numbers of students who can be accepted to take the course.
- Although the CIE has certified the quality of the contents of the program, the credits you earned at your host university will not be automatically transferred as credits for the Graduate School of Asia-Pacific Studies of Waseda University.
- The final decision regarding transferring the credits earned at the host university left to **the Graduate School of Asia-Pacific Studies**. You must consult with your graduate school office and/or academic advisor in advance to avoid any misunderstandings.
- Credits will not automatically be transferred unless you apply for it. Please check all the details of the procedures.

8. Risk Management

(1) Check Overseas Travel Safety Information when Selecting a Program

- As stated in p33 of the “[Study Abroad Handbook 2022-2023 \(English\)](#)”, it is the student’s responsibility to confirm regional safety information when selecting where to study. Remember to be cautious when traveling and living abroad in the current international situation.
- MOFA provides up-to-date travel advice and warnings, databases of past information, security risk trends and countermeasures on its travel safety website (<https://www.anzen.mofa.go.jp/>).
- “Travel warnings” are issued in some regions. If you are considering selecting one of those regions as your study abroad destination, please think carefully about whether your study and research need to be done there and that is within the limit of your ability to assume full responsibility before making an application.

(2) Overseas Travel Insurance Required by Waseda University

- Students participating in CIE study abroad programs are **required to take out overseas travel insurance designated by Waseda University (Tokio Marine & Nichido Fire Insurance).** **You may not travel to study abroad without enrolling in this insurance program.**

- The cost of this insurance is a discounted rate compared to other insurance programs.
- Psychological disorders, dental treatments, pre-existing disorders are not covered by the insurance Waseda University requires. (Other conditions subject to compensation will be decided based on the provisions of the insurance policy).
- Waseda University's mandatory health insurance premiums will fluctuate according to the previous year's claims (number and amount). Be aware in advance that it will be necessary to remit the insurance fee to the specified insurance agent's bank account as soon as you are selected as a candidate for the host university.
- Students who are participating in study abroad online do not need to take out the insurance.

(3) Applying for Overseas Cell Phone Rental Service

- In order to be able to handle various risks during the study abroad period, **all students who are going on study abroad programs must subscribe to an overseas cell phone rental service through the umbrella contract of the CIE.**
- Primary setup fees and monthly rental fees are basically free, but the cost varies by the preferred service plans.
- Students only need to pay for the calls made and data used (including SMS mails). Please note that the prices for calls and SMS vary by country, and the cost of internet surfing may be very expensive in some countries.
- Students need to register their credit card details for payment purposes at the time of application for this rental service.
