COURSE OFFERINGS & ENROLMENT

Full details of our programmes and courses are available on the [online course catalogue](#).

Most courses are open to exchange students, except those indicated as compulsory for our regular students and workshops. Course registrations are subject to spaces available and can be adjusted during the first week of classes.

WORKLOAD

Exchange students should determine the number of courses they will follow in consultation with the academic advisers of their home institutions. It should be noted that an average workload at MA level is 5 weekly courses, corresponding to 30 ECTS credits.

STUDENT VISA

Most non-EU citizens require a visa to enter and study in Switzerland. A visa request should be filed with the local Swiss embassy further to receipt of the confirmation of admission. **Please note that it can take up to 3 months to process visa applications.** Additionally, all non-Swiss students must apply for a residence permit on their arrival in Geneva. Residence permits are issued by the Office Cantonal de la Population (OCP). Details of the visa and residence permit procedures will be provided to admitted students.

HOUSING

Exchange students may apply for housing in one of the [Institute's Student Residences](#).

LIVING EXPENSES

1'800CHF – 2'000CHF per month will allow for a modest student lifestyle in Geneva. A [Monthly Student Budget](#) estimate compiled by the Graduate Institute's Students Association (GISA) provides an overview of living costs in Geneva. Please note that exchange students are not required to pay tuition fees to the Graduate Institute.

HEALTH INSURANCE

Health and accident insurance are compulsory in Switzerland. Details of requirements and regulations are available on our [website](#).
