**Graduate School of Asia-Pacific Studies, Waseda University**  
**Admissions Policy**

Focusing on the Asia-Pacific region, GSAPS seeks not only to conduct interdisciplinary research from the global and regional perspectives in the fields of regional history, politics, economics, industry, business management, society, culture and various international concerns, but also to deepen understanding of a growing Asia-Pacific region, and to mold future experts and researchers who can assume responsibility of the region's future.

GSAPS seeks students from both the domestic and international arenas, who are keen to learn and motivated to excel, and aim for a better future for the global society.

For our MA Program, GSAPS welcomes application not only from undergraduate students, but professionals who have relevant work experience, and seek to further enhance the well-being of global society, instead of just one's home country.

In respect of admissions evaluation, on top of agreeing to the fundamental ideology of the Graduate School, GSAPS attaches great importance to the following three factors.

1. Understanding of various global problems and the knowledge to identify and suggest solutions
2. Ability to think rationally and logically
3. Communication skills, including language ability required globally

## 5. Project Research

Students at GSAPS take small-sized **project research seminars held under the guidance of their academic advisors**, where they will learn and master skills to prepare and complete their thesis, to compile, analyze and review relevant information fully and to understand the research methodology. In principle, students belong to and work under one project research seminar respectively through all the school years since the first quarter.

Therefore, please deliberately choose the project research seminar/faculty fit to your own research field/interest from the list in the next page available in this academic year, by checking the information provided on the websites at the bottom of the next page. Generally, all the applicants need to input their own choice(s) (the first/second preference) for project research on the online application.

The final selection of the project research takes into comprehensive consideration the applicant's research plan, desire and all the other documents submitted during the application. Please note that you may not necessarily be assigned to your desired project research seminar/professor.

<FAQ>

If you have any questions regarding request/submission of recommendation letters, please read this FAQs thoroughly before making inquiries to the Admissions Office.

\* If you still have the problem unsolved after trying the following, please contact us as soon as possible during the application period.

Question	Answer
My recommender has not received a request e-mail from TAO.	<p>Has the recommender checked a folder with a different e-mail address than the one requested by the applicant? The recommender should use the same e-mail address at which he/she has received the request message. If the recommender has more than one e-mail account, please be sure to communicate well with the recommender regarding the e-mail address at which he/she intends to receive the request.</p> <p>If the recommender has indeed checked the inbox folder of the e-mail address requested by the applicant, but the request e-mail has not been received, please ask the recommender to check all e-mail folders, including the spam and junk folders. (As the request email from TAO may go into a junk folder).</p> <p>If it does not work, please ask the recommender to add <b>no-reply@admissions-office.net</b> or the <b>admissions-office.net</b> domain to his/her safe senders list to receive messages from TAO. Also, the institution the recommender belongs to may have restrictions on receiving e-mails. In such cases, the institution will need to add the domain name to their safe senders list. After setting up the domain name, ask your recommender to register for a TAO account directly at the URL below. <a href="https://admissions-office.net/ja/recommenders/sign_in">https://admissions-office.net/ja/recommenders/sign_in</a></p>
The recommender has registered for TAO account but has not received a confirmation e-mail from TAO. The recommender is unable to log in to TAO or upload a recommendation letter.	<p>Please ask the recommender to check all e-mail folders, including the spam and trash folders. If he/she still has not received the confirmation email, ask him/her to add the sending domain (admissions-office.net) to the list of accepted e-mail senders as described above, then go to the TAO login screen and click "Resend confirmation email" to resend the e-mail.</p>
When my recommender tries to register for TAO account, the registration screen displays "This email address cannot be registered."	<p>The recommender has already registered an account with TAO using this e-mail address. (No need to register again). He/She can log in with this e-mail address. If he/she has forgotten a password for login, please access the login screen and click "I forgot my password" and set a new password.</p>
When the recommender logs into TAO and checks the "List of requests you have received", there is no request from the applicant in the list.	<p>The recommender has created an account for TAO with a different e-mail address than the one the applicant entered in TAO on the Recommendation Letter screen. Please ask the recommender to re-register the account with the e-mail address that the applicant requested in TAO.</p>
The recommender has entered required information and uploaded the recommendation letter but got an error when he/she clicked the <b>Save</b> button and could not complete the submission.	<p>When entering "Recommender Information", there are some cases of unintentional spaces before or after letters or numbers, resulting in the entire page being unable to be saved and an error occurring. Please try erasing unnecessary spaces in each field and then click the <b>Save</b> button.</p>
My recommender has submitted the recommendation letter, but the completion status on TAO has not changed to <b>Completed</b> .	<p>After entering the required information and upload PDF file of the recommendation letter, the recommender should click <b>Save</b> button. Then, complete to submit a recommendation letter by clicking <b>+Submit</b> button. Please confirm that the completion status is changed from <b>Please submit</b> to <b>Completed</b> after finalizing the letter submission.</p>
Can I change my recommender?	<p>If you have not completed your application on TAO, changes can be made in the "Recommendation Letter" section on TAO. Please communicate with your recommenders well in advance to avoid having to make changes after the application has been completed.</p>
