8. Representation of Grades

Grades are represented as follows: (In this School, numerical points are not published.)

Points	100 to 94	93 to 90	89 to 87	86 to 83	82 to 80	79 to 77	76 to 73	72 to 70	69 to 60	59 to 50	49 to 0
On report cards, grades are shown as	A	A-	B+	B	B-	C+	C	C-	D	F+	F
On transcripts, grades are shown as	A+		A			B			C	No Representation	

- Types of failure

Representation on grade reports	Pass/Fail	Representation on transcripts	Description	Eligibility to take a re-test
F+	Fail	No representation on transcripts	Considering attendance, test results, and reports, the student deserves to take a re-test.	Yes
F			Considering attendance, test results, and reports, the student does not deserve to take a re-test.	No

※The formula of the School of International Liberal Studies to calculate your **AAA (Academic Achievement Average)** is as follows:

$$\frac{\{(4.0 \times \text{A+ and A credits}) + (3.0 \times \text{B credits}) + (2.0 \times \text{C credits})\}}{\text{Total number of credits}}$$

A+, A, B, C specified on transcripts will be respectively converted into 4, 4, 3, 2. F+ and F specified on report cards will not be taken into account. However, please note that there is a possibility that the formula can be changed in the future.
