Introduction

This "Course Registration Guide" is a manual that contains important information on course registration procedures, as well as information on curriculums and classes. Please read this manual carefully.

The "Guidebook for Students" is provided to freshmen when entering school as a manual that guides them in their student life from entrance to graduation. Since the curriculums are different depending on the school year you enter SILS, please refer to the "Guidebook for Students" as well as the "Course Registration Guide". If there are any changes or updates, you'll be informed about them through the SILS homepage.

Frequently Asked Questions about Course Registration

What is course registration?

→In principle, students design their own schedules in order to graduate within 4 years at a university (not including automatically registered courses). You have to decide which courses to take, attend the classes, and after satisfying each course's requirements, you can obtain credits. You need 124 credits in order to graduate from SILS. Course registration is therefore an essential procedure for you to design your study at SILS.

When do we register for courses?

→Course registration takes place twice a year for SILS students. For course registration in spring, the registration period is between March and April. For course registration in fall, the registration period is between September and October.

☞The schedule will be put up on the SILS homepage.

What should we do before the course registration?

→Create your own Waseda ID for registration (Without an ID, you CANNOT register for courses.)

A. Create Waseda-net ID and Password.

B. Next, take the Security Seminar & Information Ethics Test for freshmen

*Taking this test is compulsory. Instruction of the Security Seminar & Information Ethics Test will be given in the Freshman Orientation (By SILS).

What if I have no PC at home...?

→Please use the PCs rooms on campus.

☞Check this website for available PCs. We do NOT permit students to register courses after the registration period no matter the reason (including the PC troubles or network errors at home).

<http://www.waseda.jp/navi/e/room/index.html>

How does automatic registration work?

→Based on the result of your English placement test, English courses will be registered automatically. If your score meets the requirement, English courses will not be registered for you. Also, if you succeed in registering, “Advanced Seminar” and “Directed Studies for Senior Thesis” will be automatically registered for the designated semesters. (⇒See p. 23)

What is a ‘lottery’?

→If too many students register for one course, a computerized lottery may be held. (If you did not get a spot, “Over enrolled” notification will be shown on your Web registration screen).

How do we register for University-wide Open Courses or Courses offered at other undergraduate schools?

→You can register for University-wide Open Courses and Courses offered at other undergraduate schools (Tagakubu Teikyo Kamoku) during the designated periods. Please see p.40 for details on these courses. Please note that most University-wide Open Courses and Courses Offered by Other Schools/Departments are conducted in Japanese. If your Japanese level is low, these courses are not recommended for you.

Frequently Asked Questions about Classes

When do classes begin?

→Spring 2017 classes begin on April 7th. Fall 2017 classes begin on September 28th. Please check the schedule on the SILS website.

Where can we buy textbooks?

→You can buy textbooks at the CO-OP book store (Bldg. 17)

Around the first day of classes, there will be a special site for books in front of the CO-OP.

I would like to meet SILS instructors...

→In principle, SILS instructors meet students during their office hours. However, they may have prior engagements, so we recommend you to make an appointment in advance by e-mail if possible. You can check their contact e-mail addresses from the following : Log on to MyWaseda, go to Course N@vi and click the title of “SILS Faculty Members / Office Hours & Mail Address.”

Where are the classrooms?

→Check your Waseda Mail or Web registration screen to find where your classes are held. There may be classroom changes at the beginning of the semester. Check the bulletin board (Bldg. 11 - 1F & 4F) and the SILS website frequently so that you do not miss important notices. Notices regarding class cancellation are also available on the bulletin board (and on MyWaseda as well in some cases). The instructor may also make announcements regarding class cancellation during class or through Course N@vi or e-mail. For make-up classes, please check Course N@vi, Waseda Mail, or ask the instructor.

What's Course N@vi?

→The Course N@vi system offers you various types of class activities online (Notices and references from instructors, discussions etc). You can find it on the left side menu at the top page of MyWaseda. If you have any questions about Course N@vi, please contact the Portal Office (wpo@list.waseda.jp, Bldg. 7 - 1F).

Course Registration Guide

(IMPORTANT) Impact of Failed Subjects and Lower GPA

As the selection criteria of study abroad program (Fall Departure), and scholarship nominations considers the GPA you earned during the spring semester, it is good to keep a high GPA rank throughout the semester. (Your GPA rank matters even when you apply for Graduate Schools.)

To avoid bad credits and lower GPA, you better refrain from registering unnecessary subjects at first. Which means registering the maximum allowable courses could lower your GPA rank sometimes.

Thus, a thorough consideration before the course registrations is highly valued.

It is essential to be able to create and manage your own schedule, meet deadlines, and follow rules and procedures when you enter the real world. **Excuses such as “I forgot” or “I did not know” is not acceptable, and you will have to take full responsibility for your own actions.**

University is designed to prepare you for the real world, so these standards will be applied to you while you are at Waseda University.

This guide mainly deals with course registration, and we expect you to strictly observe the course registration deadline in each registration period.

You cannot add and/or drop courses outside of the designated registration periods.

Read this guide carefully in advance, keep the schedule in mind and act in a timely fashion.

Course Registration Flow for Freshmen

There will be a lot of information given to you regarding course registration. However, if you read it carefully, it is not difficult to understand. There are many compulsory courses you have to take in the first year. We recommend you to complete as many credits as possible (within the limit) during your first year so that you will have more choices of courses from the second year.

STEP1 Receiving Documents Related to Course Registration

Freshmen will receive the “Syllabus” and “University-wide Open Courses Guidebook (全学オープン科目履修ガイド, issued by the Global Education Center)” by post. Please read them before the “Freshman Orientation” to understand which courses are necessary for your graduation.

STEP2 English Placement Test for Freshmen

English courses will be registered automatically based on the result of this English placement test. Regardless of English ability, all students are required to take this test.

STEP3 Japanese Placement Test (J-CAT) for Freshmen

Those who wish to check the Japanese level or may have enough Japanese Language ability to be waived Japanese Language courses’ credits, should take this test. You will be placed in a Japanese level based on your test score and the level will also determine how many Japanese credits you need to take in order to graduate (If you do not take the test, your level will be automatically regarded as Level 1).

STEP4 Freshmen Orientation, and other orientations and events for freshmen

At this Freshmen Orientation, you will get information not only about course registration, but also about requirements for your graduation. A lot of important information will be provided. Make sure to attend. There are other orientations and events for freshmen, so please check the SILS homepage : <http://www.waseda.jp/sils/en/student/subject.html>

STEP5 Acquisition of Waseda ID

Please obtain your personal ID. The Initial ID and Password are written on the “Waseda ID user’s note,” which will be given to you.

《IMPORTANT》 You can only start registering for courses by logging in through

Menu for course guidance week Registration screen- Click "Grades & Course registration" on the MyWaseda login screen Please don't forget to get your personal Waseda ID before the 1st course registration period.

STEP6 Other Foreign Languages Orientation and Level Check (other than English and Japanese)

Other Foreign Languages Orientation and Level Check (other than English and Japanese) will be held. At the orientation, you can consult instructors in charge of the language you want to learn through taking other foreign language classes. In principle, you should take other foreign language courses from level 1, but if you have learned one of the 6 languages offered at SILS (see p.30 for details), you may be exempted or have the number of credits reduced for the other foreign language requirement after you take a Level Check interview. Students who are interested should attend this event.

STEP7 Receiving Automatic Course Registration Results

Freshmen will receive the automatic course registration results, which are based on the English placement test. Please make sure to check your automatic course registration result, before the 1st course registration starts.

STEP8 Designing a Study Plan

It is highly recommended that you design a study plan before registering courses. Confirm the courses you need to or want to take through the “Guidebook for Students” and “Syllabus Search”, and write your study plan on your “Time Table”. (⇒ p. 60)

(Syllabus Search⇒<https://www.wsl.waseda.jp/syllabus/JAA101.php?pLng=en>)

There are cases in which students fail to register for courses properly due to registration errors. If there is an error, it will show up on both your confirmation e-mail and Menu for course guidance week Registration screen . Course Registration Rules and Precautions

Please read and make sure you understand the registration rules and precautions concerning “Registration” ahead of time to prevent any errors.

(1) There is a limit to the number of credits you can register for that count toward graduation

① Maximum Number of Credits that you can register for per Semester

The number of credits that you can register for per semester that count toward your graduation in SILS is as follows. Even if the actual registered credits are lower than what is allowed per semester, the deficit cannot be added to the next semester’s credit limit.

School Year	Per Semester
First year (1 st & 2 nd semester)	21 credits
Second year and above (from 3 rd semester)	20 credits

*Please note that “Voluntary Courses (発展科目)” are not included in the above credit limits.

What if I register for courses exceeding the credit limit?

→If the number of credits you apply for exceeds the maximum number of credits allowed to register, some of the courses are randomly chosen to be cancelled so that the number of registered credits will not exceed the maximum limit. In this case, SILS courses are prioritized for cancellation over courses offered by other schools / departments in principle.

② Limit of Credits for Health and Physical Education (University-wide Open Course)

For the SILS students, the maximum number of credits they can register for Health and Physical Education is up to 2 credits per semester. If you register for 3 or more credits, excess credits of the courses will be cancelled automatically by the computer system. Please be careful when you register for these courses.

(2) Registration for 2 courses in the same time slot of the same day is not permitted.

You cannot register for 2 or more courses in the same time slot of the same day. If you do so with a SILS course and an University-wide Open course or a course offered at Other School/Department, the SILS course will be cancelled in principle, since University-wide Open courses and other school/department courses cannot be cancelled for any reason.

(3) Make sure to have enough travel time from one campus to another.

It takes approximately 30 minutes to travel from Waseda Campus to Higashi-fushimi Campus, where Health and Physical Education courses are offered, and 60 minutes from Waseda Campus to Tokorozawa Campus. Please give yourself plenty of time for travel if you are taking classes at multiple campuses. If you schedule 2 classes back-to-back at multiple campuses, the system will automatically block you from doing so. Please also take into consideration your commuting time when you register for courses offered at other cooperative universities.

(4) Registration for courses that have same course key is not permitted.

You cannot register for the same courses that you have already passed. For example, First Year Seminar IB has different class numbers or/and different instructors, but you cannot retake it if the course key is the same and you have already earned the credits. Therefore, you can take First Year Seminar IB, IIB and Intermediate Seminar only once each.

(5) Registration for courses offered for upper grades is not permitted.

Some courses are limited to specific graders. You can register for courses offered for lower graders, but not for courses offered for upper graders in principle. (⇒See p. 6 and 7 “Number of Credits Necessary for Graduation”) Please keep in mind that the advanced level lecture courses” cannot be taken only from the 4th semester; actually submitting the application for the advanced level lecture courses itself is possible in the 3rd semester, but the application will automatically be cancelled.

(6) Precautions for Courses Outside of SILS

- **These courses cannot be dropped.** (Not including Japanese language courses offered by CJL)
- Please follow the rules of each school/department when you take their courses.
- **There are some courses that have to be registered in the spring semester even though the actual course is held in the fall semester.**
- If the classroom is not on Waseda campus, **please make sure you have enough travel time before and after the class (see also (3) above).**

(7) Some courses require Audit Fee/Course Enrollment Fee (Courses Outside of SILS)

When registering for courses, please confirm if an Audit Fee/Course Enrollment Fee is necessary. If you register for a course that requires an Audit Fee/Course Enrollment Fee, please make the payment by the deadline. Details will be informed through e-mail. Please refer to the website of the Global Education Center.

(<https://www.waseda.jp/inst/gec/en/undergraduate/registration/>)

- ① Payments after the deadline are not accepted for any reasons.
- ② If the payment is not confirmed, you will not be allowed to attend the course, and your registration for the course will be cancelled.
- ③ If you register for many courses that require Audit Fees/Course Enrollment Fees, the total fees could be 100,000 yen or more. Please consider the expense and deadline when registering for these courses.

- ④ Settle all the Audit Fees/Course Enrollment Fees listed in the payment slip. **Partial payment is not accepted.**

(8) Lottery selection

If the number of students who wish to enroll in a course exceeds the number of available seats, a lottery will be held. Students who are not chosen in the lottery will not be allowed to attend the class. “Over enrolled” means that you were not selected in the computer based lottery. However, if any students drop the course during the following course registration period, you may register for the course in the course registration period after the next.

*For example: Overenrolled at 1st registration ⇒ Somebody drops the course at the 2nd registration
⇒ Possible to apply for it again at the 3rd registration

(9) Credit calculation

The period and the names of semesters are different between SILS and other schools/departments. Refer to the following table to consider the number of credits you can register for. In each semester, grade announcement date varies depending on courses, so we don't recommend that **those who are planning to graduate at the end of the semester register for the courses held in summer/spring vacation just before your expected graduation timing.** (This is because when your graduation status is fixed according to the results of those courses, your graduation time and certificate issuance may be delayed.)

*You may add courses for “Summer (夏季集中),” “Summer and Second Semester,” and “Summer (夏シーズン)” for University-wide Open courses if there are still vacancies in the class after course registration period in Spring semester. Please refer to the “University-wide Open Courses Guidebook (issued by the Global Education Center)” or website of Global Education Center to check the registration schedule.

If you want to take "English II", please register for “General Tutorial English” offered by the Global Education Center by the end of the 2nd course registration period. - * **The credits you are exempted from must be replaced by taking other Elective Courses.**
- * You may take Japanese courses at the host institution during the study abroad program. If you earn credits equivalent to 8,100 minutes or more, those credits can be counted as credits for the Japanese compulsory requirements.

Please refer to the “*Japanese Language Course Registration Guidebook*”, issued by the Center for Japanese Language for detailed information about Japanese course curriculum and registration procedures.

② Japanese Course Registration

- * Those who wish to check the level or may have enough Japanese Language ability to be waived Japanese Language courses’ credits, should take this test. You will be placed in a Japanese level based on your test score (If you do not take the test, your level will be automatically regarded as Level 1). The level you are placed at will also determine how many Japanese credits you need in order to graduate.
- * Despite your placed level, you still have the freedom to choose to enroll in any level of the courses you want (i.e., if you are placed at J-CAT level 1, you can still choose courses at level 2 or 3, and vice-versa). The main function of the J-CAT is to determine the number of credits needed to graduate.

3. Other Foreign Language Courses offered by SILS curriculum would be available to register until 2nd registration period.

④ Time Schedule

Language courses at level 1 to 5 offered by SILS are held twice a week, Intensive courses are taught 3 or 4 times a week.

Some Other Foreign Language courses are taught using the “Direct Method” (explanations are in the language being studied).

⑥ When to take the Other Foreign Language courses

1. It is possible to take the Other Foreign Language courses than English and Japanese from the 1st semester regardless of your English course requirement.
2. Students who are required to take English I and II and who plan to study abroad in English-speaking areas:
 - * We recommend you concentrate on studying English for the 1st semester and then take Other Foreign Languages than English and Japanese from the 2nd semester.
3. Students who plan to study abroad in non-English speaking areas:
 - * We recommend that you study Other Foreign Languages than English and Japanese from the 1st semester regardless of your English course requirement. You may also take Intensive Courses (4 classes per week). Following are the main patterns for you to structure your Other Foreign Language learning before your study abroad.

⑧ Exemption from the Other Foreign Language Requirement

1. If your native language is not Japanese or English, you are exempted from taking Other Foreign Languages as compulsory courses. The exempted credits must be replaced by other elective courses.
2. If you have already learned any other foreign languages than English and Japanese, you may be exempted from 2 or 4 credits of Other Foreign Language courses, depending on the result of your Level Check interview (Refer to the SILS homepage : <http://www.waseda.jp/sils/en/student/subject.html> about the date and time). For example, if the interviewer determines that you have a language proficiency of Level 1, you will be exempted from 2 language compulsory credits and can start Other Foreign Language course in that language from Level 2. If the interviewer determines that you have a language ability of Level 2 or higher, you will be exempted from 4 compulsory Other Foreign Language credits. This exemption is available only for languages offered by SILS, not those offered by the Global Education Center.
3. AO Enrollees are automatically exempted from all credits for Other Foreign Languages if you wrote the language other than Japanese or English in the “First Language” column on the Application Form for the AO entrance exam.

(Please check your Automatic Course Registration Result sheet or the “Required” column of your Grade Report website for whether you have been exempted from the Other Foreign Language requirement.)

⑨ Check Your Other Foreign Language Requirement

⑩ Class Size and Lottery

The capacity of each Other Foreign Language class of SILS is 26 students. If more than 26 students apply for a class, then a lottery will be held. If you are not chosen through the lottery, please take other available classes. **Also, if there are several classes at the same level in the same time slot, an adjustment will take place to even the class size. Please understand that you may be registered in a different class from the one you applied for.** Therefore, please make sure to confirm the registration results.

⑪ Studying Other Foreign Languages While Abroad

You can also take Other Foreign Language courses abroad in either of the following ways:

(1) Other Foreign Languages While Studying Abroad

You can also satisfy the 2 or 4 compulsory Other Foreign Language credits with Other Foreign Language courses you take while studying abroad. For example, if you earn 2 credits at German level 1 before going abroad and then earn another 2 credits in German (equivalent to level 2 or higher) or another Foreign Language (any level) while studying abroad, the latter 2 credits can be used to satisfy the remaining 2 credit requirement. **However, 2 credits earned while studying abroad are not directly transferred as 2 SILS credits. For details, please refer to the “Guide to Study Abroad for SILS Students” or the following SILS webpage.**

<https://www.waseda.jp/fire/sils/en/students/study-abroad/>

(2) Short Study Abroad Courses

The CIE offers “*Short Study Abroad Courses*”. Only SILS-recognized courses in this program can be accredited as “Other Foreign Languages(if the destination is a non-English speaking country)” credits if you follow the steps below:

Each program is generally recognized as an “Elective” credit except some programs. However, if you would like to change the course category to “Other Foreign Languages” credits, you may do so in some areas. For details, please contact the CIE. (<https://www.waseda.jp/inst/cie/en/course/class>)

Note that these credits will be counted for the following semester. Please make sure that you take these credits into account when registering for the following semester and the total number of credits cannot exceed the limit.

⑫ Precautions about Other Foreign Languages

Other Foreign Language courses can only be added during the 1st registration period, added and dropped during the 2nd course registration period, and only be dropped during the 3rd registration period. you cannot add any courses in and after the 3rd registration period. Please read the syllabus carefully and think through before you register for Other Foreign Languages since the workload for these classes are heavy.

Intensive courses of Other Foreign Languages cover multiple levels. For example, Intensive Spanish I covers the same areas as Spanish I and Spanish II. Therefore, you will not be able to take Spanish I or/and II while taking Intensive Spanish I.

Introductory Statistics

Introductory Statistics can be selected from levels A and B. Please make sure to check the syllabus and select the class appropriate for you. This course is offered in both the first and second semesters. It is offered in either Japanese or English.

- * After you earn the credit for the level A class, you can take the level B class. In this case, the credits are counted as “Elective”.
- * After you earn the credit for the level B class, you cannot take the level A class.
- * You cannot take ‘GE122 Introductory Statistics A’ and ‘GE123 Introductory Statistics B’ at the same time.

Regarding GE124 Tutorial for Introductory Statistics A

*This course is designed to help deepen your understanding of “GE122 Introductory Statistics A”.

*Please note that “GE124” will be counted as an “Elective”, and not as a required “Introductory Statistics” course.

*Also, note the following points when taking “GE124”:

- Please take “GE124” at the same time or after completing “GE122 Introductory Statistics A”.
- You cannot take “GE124” if you have already completed any of the following courses:
 - GE121 Introduction to Mathematical Statistics (abolished course)
 - GE123 Introductory Statistics B
 - MI304 Statistics and Application (abolished course)
 - MI315 Intermediate Statistics A
 - MI313 Intermediate Statistics B

Please be sure to check the syllabi for more details.

First Year Seminar

You are required to take a First Year seminar IB in the first semester and a First Year seminar IIB in the second semester. Check the time schedule, the instructors in charge, and the required textbooks in order to select an appropriate class for you. You cannot retake the courses which have the same course key that you have already passed even if you change the class.

	Semester	No. of credits	Language
First Year seminar IB	First semester	2	English
First Year seminar IIB	Second semester	2	English

[2nd semester]

Register for a first-year seminar IIB. If you are unable to complete IB, then please take it again. You may take IB and IIB at the same time when retaking.

*You can register up to your 3rd preference for First Year Seminar IB in the spring semester and IIB in the fall semester during the 1st and 2nd registration period. For details on how to register, please refer to P. 53.

*Please note that the error check for registration in the same timeslot will only be done for your 1st preference course when you register. If you are registered for your 2nd or 3rd preference course, and a duplication error occurs, your First Year Seminar IB and IIB will be given priority and the other course will be cancelled.

Introductory Courses

You must earn 8 credits of the Introductory Lecture Courses from **3 or more different clusters** (the clusters are mentioned below) before graduation. Generally, we recommend you to earn 4 credits in 2 lecture courses in the first semester and 4 in 2 lecture courses in the second semester.

Lecture courses are divided into the following seven clusters (groups of courses):

*Life and Environment, Matter and Information (LE, MI)
*Philosophy and Religion, History (PR, HI)
*Economy and Business (EB)
*Governance, Peace and Human Rights, International Relations (GO, PH, IR)
*Communication (CO)
*Expression (EX)
*Culture, Mind and Body, Community (CU, MB, CM)

Elective Courses

You need to earn Elective Credits in order to satisfy the graduation requirement. The following courses are recognized as “Elective” Credits:

*Courses offered by the Global Education Center and Center for International Education (except some programs)

→ **SILS students are only allowed to register up to 2 credits per semester for Physical Education courses (offered by the Global Education Center).** If you register 3 or more credits in a semester, the exceeding credits will be cancelled automatically (the system will randomly choose the course to cancel).

*Courses offered at other schools/departments

→If you register for Teacher's License Courses offered by the School of Education, they will be treated as "Voluntary Courses" and will not be included in credits towards graduation.

*Course credits that exceed the required number of credits for graduation will be counted toward "Elective Course". (i.e., if you earn 20 credits in the Intermediate courses, 16 credits are counted towards the "Intermediate Course" category and 4 credits are counted towards the "Elective Course" category)

*Credits earned from Waseda's one-year/semester study abroad program.

Voluntary Courses

Voluntary Courses: Excluded from the maximum number of credits you can earn for each semester, and not counted as graduation required credits. The below courses are examples.

Offered by		
School of Education	教職課程科目 *1)	
	資格関連科目 *2)	図書館司書関連科目
		学校図書館司書教諭関連科目
		博物館学芸員関連科目
CIE	Beijing Courses	
Graduate Schools	Courses for credit exchange between Graduate Schools are regarded as Voluntary Courses.	
Each Department	Minor (required to submit the application form)*3	

*1) Regarding the courses for Teacher's License ("教職に関する科目") offered by the School of Education, you are allowed to register up to 20 credits more than the limit set by SILS in a year (from April to March of the following year). Please note that these courses are conducted in Japanese.

【Teacher's License Courses】

Registration and classes for "教職科目", "図書館司書" and "博物館学芸員" certification are conducted by the School of Education. For course registration details, please see the "教職課程履修の手続き", which is released by the School of Education around the middle of March every year.

Also, for those hoping to acquire a teacher's license, please be sure to read the "国際教養学部生のための教職科目履修の手続き".

*2) Certification Courses offered outside of the School of Education will be counted towards graduation as 'Electives'. When registering, please note that you cannot exceed the maximum number of credits per semester set by SILS.

*3) You may only take courses as "Voluntary" courses if they are one of the categories listed above, but you may also do this if you wish to obtain a "Minor," and would like to take more credits than the

per-semester limit. If you wish to do this, **you must complete the necessary procedures at the SII/S Office, latest by 17:00, on the day before the course registration period is over, and then register the course(s) on-line. If you apply for the courses on-line before taking the necessary procedures, the course(s) will be registered as “Elective” and you will not be able to change the course category after the completion of registration.**

What is “Minor”?

A “minor” can be obtained by all undergraduate students regardless of their grade or school. You can learn a different field of study from your major at the same time. A certificate of completion can be issued to those who completed a minor, so they may prove their achievements to outside of the University. For details, please refer to the “University-wide Open Courses Guidebook (issued by the Global Education Center)” or the Global Education Center homepage.

9. Courses to be Taken from the 2nd Year (3rd Semester～)

Intermediate Seminar (3rd Semester～)

Each student can register for an Intermediate Seminar course from the 3rd semester. New students are not eligible.

[3rd semester students]

Register by referring to the course information on the syllabus. You cannot retake the course which has the same course key that you have already passed even if you change the class.

Intermediate/Advanced Courses

New students cannot register for Intermediate/Advanced Courses.

[2nd semester students]

Only students exempted from taking English I and II can register for Intermediate Courses from the 2nd semester. Most of the Intermediate Courses and Advanced Courses are held twice a week. Please be sure not to register for two or more courses in the same time slot.

[3rd semester or above]

Please register after referring to the course syllabus. Advanced Courses can be registered from the 4th semester.

Study Abroad Credit Transfer

- * Credits which are earned during studying abroad will be converted to the equivalent number of Waseda University units according to the “Credit Transfer Method” upon proper application. It is not possible to directly transfer the number of units earned at the host institution.
- * Recognition can be given only to the total number of credits earned, not to specific course subjects taken and grades received. All grades are assessed at Waseda as “N” (Recognized).
- * A maximum of **40** Waseda credits can be recognized (regardless of the length or number of times of study abroad), and all credits (except for some cases of Other Foreign Language courses) are counted as “Elective Credits.”

Please refer to the following homepage for more details about “Credit Transfer”.

<https://www.waseda.jp/fire/sils/en/students/study-abroad/>

Advanced Seminar & Directed Studies for Senior Thesis

Advanced Seminar course needs to be taken over 3 consecutive semesters (the 6th, 7th and 8th semesters in principle). Please select an area of study in SILS that interests you, and register. For students who entered after 2009, Advanced Seminars are not compulsory, but with regards to future careers, such as going onto graduate school or job hunting, we recommend you to take an Advanced Seminar course.

Although the Advanced Seminar is not a compulsory course, if you want to be exempted from taking it or if you want to take it for only two semesters (only students who cannot attend for 3 semesters due to study abroad or early graduation and are scheduled to graduate within 8 semesters can apply), you must complete the special procedures at the SILS Office. In this case, you have to make up for these credits by taking credits of Intermediate or/and Advanced Courses.

Generally, “Directed Studies for Senior Thesis” will be registered in the last semester of taking Advanced Seminar. Please note that these credits, along with the Advanced Seminar credits, will be included in the maximum number of credits you can register per semester.

Registration for Advanced Seminar is different from the regular course registration procedure. Please refer to the updated “Advanced Seminar Registration Guideline” of the following webpage for the registration schedule and procedures.

<https://www.waseda.jp/fire/sils/en/students/registration/>

- *As the credits of Advanced Seminar are included in the maximum number of credits per semester, please keep this in mind when you register for the courses and make sure not to exceed the maximum number of credits.
- *If you take Advanced Seminar, you are also required to take Directed Studies for Senior Thesis (4 credits). Directed Studies for Senior Thesis is conducted under the supervision of the same instructor of your Advanced Seminar, and it will be graded based on the evaluation of your thesis.

⑩ University-wide Open Courses & Courses Offered at Other Schools/Departments

*In principle, Senior Thesis course is automatically registered in your final semester. Credits of Senior Thesis are counted in the maximum allowable number of credits.

*Thesis must be submitted by the designated deadline following the formatting and submission guidelines on the webpage below and instructions given by the instructor.

Registration Methods

Order: Order registration is a method in which multiple registrations are made for courses that are likely to fill beyond capacity and require a drawing. You may list courses in the order of desire in a pull-down menu. When you select an order for the courses, always begin with 01 (first choice). If you select only 02 (second choice), the drawing for this choice will be held after the drawing for the first choice students has been completed, meaning that the possibility for registering for the course will be extremely low.

Category	Credit	Order
Information Processing	2	Introduction to Information Processing / 01 ▼ 01 02 03

Category Change: When choices of category are available in a pull-down menu, you may change the Category for your course registration. For example, you may cancel a course that has exceeded the credit limit and change the category to one not included in the credit limit, enabling you to register for the course you desire.
