◆ Notes on Applications for Leave of Absence (Please make sure to read till the end)

1. Submission Period for the "Application for Leave of Absence" and Tuition and Other Fees

Tuition and other fees for the period of the leave of absence will be charged in accordance with the classification in the following table. In addition, for a student who takes a leave of absence at the same time as his/her admission, the regular amount of tuition and other fees will be charged.

		Leave of Absence in Spring Semester			Leave of Absence in Fall Semester		
Application Date		Until 4/30	5/1–5/31	After 6/1	Until 10/31	11/1–11/30	After 12/1

Furthermore, the Alumni Association fee (¥40,000) will be collected for those who enrolled the master's course after AY2018 from Universities other than Waseda in the Fall Semester of the second year.
- The application date is the date on which an "Application for Leave of Absence" bearing the signatures and seals of the student and his/her guardian and supervisor is submitted to the Graduate School.
- The regular amount refers to the same amount of tuition and other fees charged in the case of being enrolled in the university without taking a leave of absence.
- **If the deadline falls on a day that the Administrative Office is closed, submit the documents by the last day the office is open.**

2. Amount of Tuition and Other Fees Charged

The amount of tuition and other fees charged will be adjusted after approval by the Faculty Committee. Depending on the timing of submission of the "Application for Leave of Absence," you may be required to make a provisional payment of the regular amount of tuition and other fees (the amount due before the leave of absence is approved) due to the account transfer process. In this case, the difference will be refunded to the account from which tuition fees were withdrawn within approximately one month.

- * Money transfers cannot be stopped by Waseda University. If you need to stop a money transfer, submit a request to that effect to the financial institution that holds your registered account.
- * The Faculty Committee meeting is held in the middle of each month (excluding March and August). Accordingly, depending on the timing of the submission of the "Application for Leave of Absence," it may take more than one month for your application to be approved.

3. Period of Leave of Absence

- A leave of absence applies only to the relevant term, and the student will return to the school at the beginning of the following term.
- In certain special circumstances, approval may be given to extend your leave of absence to the subsequent term. If you wish to extend your leave of absence, submit another application.
- Your total leave of absence cannot exceed two years for a master's program or three years for a doctoral program.
- The period of absence is not counted in the enrollment period. (The application period starts from January for spring semester and from July for fall semester.)

4. Scholarship

- If you are on a scholarship offered by Waseda University or a private scholarship in the relevant year, you may be disqualified from receiving the scholarship by taking a leave of absence or studying abroad. In such cases, promptly provide notification to that effect to the Scholarships and Financial Assistance Section.
- If you have received a loan from JASSO, you need to submit a change notice. Download the form from the website of the Scholarships and Financial Assistance Section (<http://www.waseda.jp/inst/scholarship/aid/jasso/procedures/>). Complete the form and then submit it immediately to the section.

5. Procedure for Returning to School

A guide containing the instructions for returning to school will be sent to your Waseda-net e-mail address and to the address of your guardian at least one month prior to the end of the term of the leave of absence. Follow the procedure for returning to school in accordance with the guide.

Please be reminded that you will be asked to submit documentation that proves that the reason for the leave of absence no longer exists (*).

* Document examples

Illness/injury: medical certificate confirming that the student is capable of returning to school

Language training abroad: certificate, etc., describing the period of enrollment in the destination institution

Working holiday, volunteer activities, internship, etc.: report (about three pages on writing paper)

- * In the case of a leave of absence due to reasons other than those stated above, a document stating that the reason for the leave of absence no longer exists (free format).

6. Cancellation of Leave of Absence

Once a leave of absence is approved, it cannot be canceled.

7. Purchase of Insurance in the Case of Language Training Abroad

If you take a leave of absence in order to, for example, complete an overseas language training program, an internship, or a volunteer program, you will be required to purchase the traveler's insurance provided by Tokio Marine & Nichido Fire Insurance as specified by Waseda University.

Obtain the designated application form from the Administrative Office and complete the purchase procedure.

If you cannot purchase this traveler's insurance because, for example, you already hold a different policy, submit documentation describing the coverage that your policy provides.

8. Leave of Absence by International Students with a "Studying Abroad" Residence Status

If an international student with a "Studying Abroad" residence status takes a leave of absence, this status will be revoked irrespective of the term of validity (paragraph 6 of Article 22-4, Section 2, Chapter IV of the Immigration Control and Refugee Recognition Act).

Under these circumstances, you will be unable to continue to reside or work part-time in Japan, so you will need to promptly change your residence status to an appropriate one or leave Japan.

If you are unsure what to do, you should contact the Center for International Education or the Immigration Bureau rather than try to determine the correct course of action by yourself. Otherwise, you could become an illegal resident or worker.

To re-acquire the residence status required for re-enrollment, contact the Center for International Education at least three months prior to your scheduled re-enrollment. For details on the re-enrollment procedures, contact the Administrative Office.
