

Waseda University
School of Political Science and Economics

English-based Degree Program AO Admission

September 2021 Enrollment

List of Application Documents by Education System

OVERVIEW

Subject Requirements

Your examination subjects must include **MATHEMATICS**.

If you have not taken mathematics in the standardized tests/university entrance qualification examinations (hereafter known as “standardized tests”) held in your own country or if mathematics is not offered as an examination subject in your country’s standardized tests, **take the mathematics in SAT Subject Test or the ACT Test and submit the scores.**

Submission Method

1. SAT, ACT, and IBDP (final results)

We accept score reports sent directly to us by the test board. Please refer to the direct sending code for each test on the *List of Application Documents by Education System*.

Proof of Order: you are required to submit a printed copy or a screenshot or an e-mail that clearly shows that you have arranged to have your test scores sent directly by the testing agency to us.

2. Other Test Reports (including predicted scores)

We only accept a score report if it is **original and enclosed in a sealed envelope**. Only for GCE A-level, will we accept a certified true copy of the certificate stamped or signed by your high school.

- **Grace Period**

For standardized tests that are conducted only once a year, SPSE will accept scores until March 8, 2021. If you submit your standardized test score after the application deadline, please follow the instructions below:

- 1) Check whether or not your test is applicable by referring to the *List of Application Documents by Education System*. If “grace period is applicable” has not been specified for your education system but you believe it should be, please inquire at the SPSE at Waseda University before the application period.
- 2) Submit a “Statement on Examinations and/or Tests” with your application by the application deadline. Your Statement should specify the standardized test that you will submit. Attach an official announcement specifying the exam and score release schedule to your Statement.
- 3) Submit the test score certificates as soon as the results come out.

Notes

- If you submit an English translation of the original, it must be notarized. The notarized translation does not need to be in a sealed envelope.
- If you are a high school or secondary school student at the time of application and cannot submit the results of your country’s standardized tests (during the application period) due to the timing of graduation or if no certificate has been provided, please submit SAT or ACT Test scores.
- If the education system in which you have studied does not have university entrance qualification examinations or standardized tests, please submit SAT or ACT Test scores.

If you cannot submit SAT, ACT Test or other standardized tests scores because these tests are not administered in the country of your residence, submit a “*Statement on Examinations and/or Tests*.” Please be advised, however, that a Statement does not substitute for standardized test scores; all else being equal, applications without standardized test scores are less competitive. The Statement form is available for download: <https://www.waseda.jp/fpse/pse/en/applicants/download/>.

Special Provisions for Standardized Test Scores due to the Coronavirus / COVID-19 Pandemic

Consistent with the established admissions procedure of the School of Political Science and Economics, we strongly recommend that applicants submit standardized test scores, whenever and wherever possible. If these tests have been cancelled or postponed due to the coronavirus/COVID-19 pandemic in your country of residence, you must submit a Statement with your application documents.

Statement on Examinations and/ or Tests

The Statement form is available for download: <https://www.waseda.jp/fpse/pse/en/applicants/download/>

In your Statement, specify which of the following conditions applies to you:

- (a) The SAT and ACT are not administered in your country of residence and your country's standardized test has been cancelled. (Attach an official announcement by the test board.)
- (b) The SAT, ACT and your country's standardized test has been cancelled. (Attach an official announcement by the test board.)
- (c) The SAT, ACT or your country's standardized test board made changes to the examination dates or implementation methods, such as conducting examination online, which prevent you from meeting our standardized test requirements. (Attach an official announcement by the test board.)
- (d) You could not take the standardized test as planned due to health reasons, including quarantine. (Attach a copy of a medical certificate or a document proving that you had to be quarantined.)
- (e) Another situation caused by the COVID-19 pandemic prevented you from submitting standardized test scores. (Explain and attach a proof document, if possible.)

In order for your application to be competitive without standardized test scores, the School of Political Science and Economics strongly recommends that you include in your Statement a self-assessment of your mathematical abilities. We value the following information:

- The areas of mathematics that you have covered, such as linear algebra, calculus and/or statistics
- How many hours per week you spend studying mathematics in secondary/high school

To support your self-assessment, you may also attach one or more of the following to your Statement:

- A letter of evaluation from your secondary/high school mathematics teacher
- The syllabus from the most advanced mathematics course that you have taken
- An original, marked/graded assignment or test from your current or recent mathematics class
- An award or other certificate that demonstrates your mathematical ability

※If required, please refer to “Special Provisions for Standardized Test Scores due to the Coronavirus / COVID-19 Pandemic” on Page 3.

GUIDE TO THE TABLE

If your education system is not listed, or if you are not sure of the category into which your case falls, please inquire at the SPSE Administrative Office at Waseda University, prior to submitting your application.

Category:

A --> Those who have graduated from high school at the time of application

B --> Those who are enrolled in high school at the time of application
