[Only for students entering this semester]Acquisition of Waseda ID

Obtain your personal Waseda ID. The initial ID and Password will be notified by the SPSE Admin Office.

[Voluntary]CJL Level Check Test

CJL Level Check Test is a web-based test used to determine your Japanese proficiency level (according to Waseda standards). It is highly recommended that you take the test if you wish to register for Japanese language courses offered by the Center for Japanese Language. For more details, please refer to the brochure "Registration Guidebook & Syllabus" issued by CJL. Note that students are able to register up to 8 credits of Japanese Language courses per semester and 32 credits of them until graduation.

First Course Registration Period

After designing their own schedules and study plans, students need to register for courses during the designated period. In addition to this semester courses offered by SPSE, it is also possible to register courses offered by GEC and CJL and open courses offered by other schools. Please choose courses carefully depending on your progress in your study. Be sure to check the results of course registration, which students will be shown on their course registration system by the time the second course registration begins.

Second Course Registration Period

If course registration is not completed during the first registration period, students can register courses during the second registration period. Courses that can be added during this period are those that have vacancies after the first registration period. The "Available Course List" for the second registration period will be posted on the SPSE website before the second registration period begins. Note that only CJL courses can be dropped during this period; no other courses are allowed to be dropped. Be sure to check the results of course registration, which students will be shown on their course registration system by the date Fall-semester classes begin.

Third Course Registration Period

If the course registration is not completed during the second registration period, students can register for courses during the third registration period.

- 💡 The Spring semester class period will start before the third course registration period. Please attend classes of courses you would register for, even if the registration has not yet been decided.
- 💡 Yes. Be sure to attend all the courses that you are planning to register for. Afterwards, confirm the registration results on your Web registration page. Students will be able to access the course information and other features on Waseda Moodle for the courses they have registered for during the 3rd course registration period on the following day after the conclusion of that period. Therefore, students might not be able to attend 1st (and 2nd) classes of online courses. First, please do not miss out on the 1st and the 2nd course registration periods.

*Please note that provisional registration on Waseda Moodle, prior to the announcement of course registration results, does not mean that your registration is finalized. Courses with registration errors or that are over enrolled will be cancelled from Waseda Moodle after course registration results are announced.

Courses that can be added during this period are those that have vacancies after the second registration period. The “Available Course List” for the third registration period will be posted on the SPSE website before the third registration period begins. Students are also able to drop courses that have been registered. Students will be notified of the results on their course registration system by the designated period.

During the Third Course Registration period, almost all of the courses can be dropped, and the categories of the courses offered by other departments can be changed. Students can check the results on their course registration announcement day.

If you have registered for courses that require audit/course enrollment fees during the registration periods, it will be necessary to make a payment within the specified period. Details will be sent by e-mail individually.

Also, refer to the following website.

2. Explanations of Terminology

Terminology	Explanation
Course Registration	In principle, students design their own schedules in order to graduate. Students must decide which courses to take and attend classes by themselves. Course registration is therefore an essential procedure for all students to design their study.
MyWaseda	MyWaseda is a portal site for various services offered by Waseda University. With MyWaseda, students can use services necessary for campus life, such as checking announcements from the university, using Waseda Mail, registering for courses online, and accessing the learning management system called Waseda Moodle.
Waseda Moodle	This is a learning management system where students can submit their essays, contact instructors individually, etc. As instructions regarding courses may be given through it, make sure to check it frequently. It can be found on the left side menu at the top page of MyWaseda.
Error	During course registration, an error occurs when students violate the rules prescribed by the School. Refer to page 12 for more details.
Class Modality Category	Class Modality Category indicates whether the method of delivery for each class is on-campus, on-demand or real-time streaming. The types and meanings of Class Modality Category and the category of each course can be checked on Web Syllabus Search System.
Seminars	Seminars are often conducted in smaller-sized classes, where lively interactions with professors and peers are expected. *Exchange students cannot register for "Basic Seminar" and "Advanced Seminar." *Double degree students cannot register for "Basic Seminar."
Semester courses	Courses held once a week for two credits or twice a week for four credits, respectively, during a semester.
Quarter courses	Courses held once or twice a week during a quarter (either half of the spring/fall semester: spring quarter and summer quarter / fall quarter and winter quarter, respectively).
Summer Intensive (Winter Intensive, Spring Intensive)	Collective name for the period during which classes are held in an intensive manner during summer vacation (or winter/spring vacation). If you wish to take these courses, you will need to check the class schedule yourself to make sure they do not interfere with your other course schedule since these courses will not be automatically checked for errors when there is duplicated registration.
Course list	The course list provides course information, including dates, periods, and credits. The latest information will be provided on the SPSE website. See the Web Syllabus for details of each course.
Reenroll	Refers to students re-registering and re-enrolling in course that they did not pass in previous semesters.
Audit/Course Enrollment Fees	Some courses—often courses involving fieldwork—require payment of audit/course enrollment fees. If not paid by the deadline, registrations for the courses are cancelled automatically.
Lottery system	If the number of students who wish to register exceeds the prescribed quota, permission to register will be decided by lottery.
Prerequisite course	A course for which students must have acquired the credits by the previous semester in order to enroll in a subsequent course.
Capacity	Maximum number of students that can be allocated to a course depending on the nature of the course and the size of the classroom.
Other departments	Refers to the departments outside SPSE, such as other Schools, Graduate Schools, or Centers. Example: School of International Liberal Studies, Global Education Center, etc.
Available course list	This list shows the courses that are still open for registration and the number of seats remaining for each course. It will be uploaded to the SPSE website after each registration period. For the course lists of other schools/centers, please visit their respective websites.
University-wide offered courses	Courses offered by each school that is open to other school students. *Available for registration during 1st registration period.
Courses offered by Other Schools	Courses offered by other schools that have available course list after the 2nd registration period.
Over enrollment	Each course has its assigned capacity, and if the number of applicants exceeds it, the computer system randomly chooses the students to be registered.

3. Course Registration Rules

Maximum Number of Credits per Semester

The SPSE registration rule does not set a maximum or minimum number of credits per semester that exchange and double degree students must register for. (they need to check their program's requirements with their home university yourself). **However, students are strongly encouraged to take approximately 6 courses (≒ 10 hours) per week unless otherwise specified.** Please make a study plan according to your progress in your study and be careful not to take too many or too few credits.

The number of credits for each course at Waseda University is standardized in accordance with 早稲田大学学則（早稲田大学大学院学則）, where one credit is to be comprised of course content that requires 45 hours of study. The number of class hours required per credit, regardless of the teaching method (lecture, seminar, etc.), is to be determined by each undergraduate or graduate school within the range of 15 to 45 hours. The number of class hours of 14 weeks with 1 class period (100 minutes) each week is regarded as 30 hours at the University (15 hours for 7 weeks).

A 2-credit course is to be comprised of course content that requires 90 hours of study. For example, to earn 2 credits in a lecture course (1 class period per week for 14 weeks), in addition to the 30 hours of class time, study outside of class hours is to be comprised of course content that requires approximately 60 hours of study.

Class Modality Category

Class Modality Category indicates whether the method of delivery for each class is on-campus, on-demand or real-time streaming. The types and meanings of Class Modality Category and the category of each course can be checked on Web Syllabus Search System. **Please be sure to attain all necessary information to select your ideal course depending on your studying environment.**

Web Syllabus Search Page: <https://www.wsl.waseda.jp/syllabus/JAA101.php?pLng=en>

Course Name with Symbols

Course names often include symbols such as "A", "I." As these symbols have the following meanings, take sufficient care when registering for such courses. Also, make sure to refer to the web syllabus of each course.

Symbol	Notes
Courses with "A / B"	They are different and can be taken separately and in either order.
Courses with "I / II"	They are related and should be taken in the order of I then II. However, II can be taken even if credits for I are not obtained, as it is not set as a prerequisite in the course registration system.

*For language courses at SPSE and Advanced Seminars, I is a prerequisite for II and credits for I need to be obtained in order to take II. For language courses at SPSE, courses must be taken also in the order of the level.

*"Introduction to Microeconomics" is a prerequisite for "Microeconomics I" and "Introduction to Macroeconomics" is a prerequisite for "Macroeconomics I".

*For preconditions of each course, please refer to the syllabus.

Main Language and Course Title of SPSE Courses

You need to check the "Main Language" of each course on the web syllabus when registering for courses. Even if the course title is written in English, the course may be conducted in Japanese. For SPSE courses, those conducted in English have "[E]" in the course title, while those conducted in Japanese have "[J]" in the course title.

Prohibition on Duplicate Enrollment in Courses

You cannot take courses with the same name. Also, you cannot register for a course with the same name as one for which students have obtained credits up to the previous semester. However, it is possible to register in multiple courses when the themes of the courses differ. Some courses are offered in both Japanese and English with the same contents. If the student has already registered or passed one of the courses (e.g. World literature), students cannot register another course (e.g. 外国文学 [the same course offered in Japanese]).

The list for the courses offered in both Japanese and English is indicated on the SPSE Course list. Courses shown in the same row teach the same content. The number of credits may differ in the Japanese course and English course. Please refer to it from the SPSE Website.

Class Capacity

Waseda course registration is NOT conducted on a first-come, first-served basis. Each course has its assigned capacity, and if the number of applicants exceeds its capacity, the computer system randomly chooses the students to be registered. Although the order of priority differs for each course, the priority of registering for EDP courses comes before JDP students, and vice versa.

Information of "Over Enrollment" results in the First Round

This is the list of courses with more than 10 students whose registration result was "Over enrolled" in the first round of registration in AY2025. Each course has its assigned capacity, and if the number of applicants exceeds it, the computer system randomly chooses the students to be registered. If your registration result became "Over enrolled", you cannot take the class.

URL: [Over Enrollment Result in the period of 1st Course Registration \(AY2025\)](#)

Registering for Foreign Language Courses Offered by SPSE

Foreign language courses run by SPSE cannot be registered through the course registration system. An interview with a professor in charge of the language is required in order to have a student's language proficiency checked. To arrange the interview, students are required to apply through the following application form before course registration begins. In principle, to take those courses, the proficiency of Japanese language is required since those language courses are conducted in Japanese.

Application Form for Foreign Language Courses Offered by SPSE: <https://forms.office.com/r/AmqNrmFjCZ>

Please refer to the following table regarding the deadline and the date to reflect of your application.

Application Period	Date to reflect after screening
March 18 (Tue.) ~ April 2 (Thur.) 4:00 PM	April 7 (Mon.) 7AM
April 2 (Thur.) 4:01 PM ~ April 8 (Tue.) 4:00 PM	April 11 (Fri.) 7AM
April 8 (Tue.) 4:01 PM ~ April 19 (Sat.) 4:00PM	April 24 (Thur.) 7AM

Registering for Microeconomics I / Macroeconomics I / ミクロ経済学 I / マクロ経済学 I

Due to the systematic specifications of the registration system, you cannot register for "Microeconomics I", "Macroeconomics I", "ミクロ経済学 I" and "マクロ経済学 I" through the system. If you would like to register for the courses, please use the following registration form. There are no prerequisites for EX/DDP students to register for these courses; however, please note that these courses are based on the knowledge and skills equivalent to "Introduction to Microeconomics / Macroeconomics" offered by SPSE.

Application form for registration of "Microeconomics I (ミクロ経済学 I)" and "Macroeconomics I (マクロ経済学 I)"

<https://my.waseda.jp/application/detail/application-detail?communityContentLinkId=678291676>

*The application periods are the same with each course registration period (1st~3rd)

*We cannot accept applications outside of these periods.

*The registration will be treated as the registration for each registration period, and there is a possibility that it will not be allowed due to over-enrollment. In addition, you cannot register for a course that has reached the class size limit and has been closed.

Japanese Language Courses offered by the Center for Japanese Language (CJL)

CJL conduct many Japanese language courses, and SPSE EDP students may register for them. For your information, please refer to the CJL webpage and the following announcements.

*Please confirm the column of "Maximum Number of Credits per Semester," p.10.

4. Course Registration Rules and Important Notes

Rules and Important Notes

There are cases in which students fail to register for courses successfully due to registration errors. If an error occurs, it will show up on the course registration page, preventing students from registering those courses. The following chart describes the major errors that students may encounter. Unless students eliminate the errors, the course registration will not be carried out properly.

Maximum Credits	Maximum number of credits for CJL courses in which students can enroll is 8 credits per semester.
Traveling time	<p>You need to make sure you have sufficient time to move between classes if you register for courses on different campuses.</p> <ul style="list-style-type: none"> ■ Waseda Campus — Toyama Campus or Nishi Waseda Campus* : No interval required <p>*Please check that you can move to the campus in the breaktime (15min).</p> <ul style="list-style-type: none"> ■ Waseda Campus — Higashi Fushimi Campus : 50min ■ Waseda Campus — Tokorozawa Campus : 90min
Duplicate in a day of the week or period	<p>You may not register for multiple courses taking place on the same day and time.</p> <p>*On-demand courses with set days and times are also eligible.</p>

Note on Registration for SILS courses

Students are able to register for two or more SILS courses during the first registration period; however, only one SILS course can be registered during the third registration period. Although any error message does not appear on the course registration page when students try to register for two or more SILS courses during the third registration period, there may be cases where you cannot enroll in your desired courses because of procedural failures.

5. Courses Offered by Other Schools

Courses offered by other schools

“Courses offered by other schools” refers to courses offered by department other than the SPSE.

These courses include foundational academic writing, mathematics, data science, information studies, and English courses. They also encompass language courses rarely available outside Waseda University, specialized sports practicums, and human capabilities courses incorporating problem-solving and experiential learning. This allows students to explore fields beyond their major.

While taking these courses is encouraged, please adjust your registration, accordingly, prioritizing the credits required for graduation from the SPSE.

Additionally, compared to courses offered by the Faculty of SPSE, the ‘registration period’ and ‘credit handling’ may differ. Information regarding course administration (including class cancellations and exam details) will be posted on the website of the department offering the course. Please be sure to check the information provided by that department.
