Please find herein below schedules of **Graduate School Steering Committee (Kenkyuka Un-ei linkai)** to accept application of doctoral thesis and to make final decision of the doctoral thesis

together with deadlines for submission of necessary documents to Academic & Student Affairs Sec. (**Kyogaku shienka** @ 1st fl. of No.51 BLDG. ) of FSE's Centre for Science & Engineering.

Please note that you need to have more than 2 months but within one year between a **Kenkyuka Un-ei linkai** accepting your application and **another Kenkyuka Un-ei linkai** making final decision of the doctoral thesis.

A combination of a G.S. Steering Committee accepting application and another Steering Committee making the final decision which are shown on the same line on the table below is the shortest schedule towards the final decision.

Before the first *Kenkyuka Un-ei linkai where your application for doctorate is to be accepted* , you have to have preliminary screening (**Yobi-Shinsa**) of your department according to instructions of your thesis supervisor (principal referee).

During the periods between the acceptance of your application for doctorate and the final decision of the doctoral thesis, you will have to have Thesis Defense (Kochoukai) and the screening by the Screening committee (Shinsa bunkakai) of your department according to instructions of your thesis supervisor (principal referee).

You are requested to always confirm with your thesis supervisor (principal referee) on the whole schedule of your doctorate application lest you get late for each procedure mentioned herein below.
