

Follow up of major/department guidance

Guidance material will be uploaded on the Course N@vi System. Please log-in and check the contents.

Please make sure to check Course N@vi and MyWaseda email every day, as there may be update/notice from your major/department. Besides, keep yourself updated at MyWaseda, website of the university as well as that of Faculty of Science and Engineering, as there may be important update there.

Major	Notice
Math	Please refer to the guidance material. If you have any questions, please ask your class academic advisors via email and/or request individual meeting.
CSCE	Please refer to the guidance material.
ME	Alternative measures (e.g. Setting up follow up events of guidance after class start, Uploading materials on Waseda Moodle) are being considered. Please visit CourseN@vi regularly, as notice/information may be uploaded there.
CE	Please refer to the guidance material. Besides, contact information of your seniors in the major will be available in the Course N@vi System so that you could ask for their advice.
Phy	Please refer to the guidance material.
Chem	You will be contacted individually. Please follow the information from the major.
Bio	You will be contacted individually. Please follow the information from the major.

Status	Notice
Exchange students (Undergraduate/ Graduate)	Please refer to the guidance material.
