

# Information for Lab courses (2020 Spring)

Updated April 24, 2020

科目名 (Course name)	学 科 (Dept.)	学年 (Year)	実験実習科目情報 (Information)	担当実験室・連絡先 (Contact Information)	
Laboratory for Advanced Science and Engineering A/B	Major in Physics, Chemistry and Bioscience (英語学位)	2nd year (April entrance) 1st year (September entrance)	This course is conducted online. Please check the information uploaded on 27 Apr on Waseda Moodle and follow the instructions.	Laboratory for Science and Engineering 56-301	rikougakukiso1@list.waseda.jp
Laboratory Work on Civil and Environmental Engineering	Major in Civil and Environmental Engineering	1st year	This course will be conducted by online, but supplementary class may be conducted after the spring semester. Until May 11th, the precautions about classes will be uploaded on Waseda Moodle. Please confirm and prepare.	Material Engineering Laboratory The document management office 59-104	zairyuu@list.waseda.jp
Surveying Practice	IPSE, Dept. of Civil & Environmental Engineering (社工・国際コース) EBSE, Major in Civil & Environmental Engineering (社工・英語学位プログラム)	1st year	<ul style="list-style-type: none"> <li>This course will be conducted basically online, however, additional instrument operation practices on Saturday afternoon during late Sep. to middle Oct. are also under consideration, we will take care not to affect other courses. The final decision will be announced through Waseda Moodle later.</li> <li>Please confirm the guidance material from Waseda Moodle during Apr. 27-Apr. 30, and get ready for this course.</li> </ul>	Survey Practice Laboratory 61-B09	geo@list.waseda.jp
Science and Engineering Laboratory 2A	All IPSE (国際コース)	2nd year	This course is conducted online. Please check the information uploaded on 30 Apr on Waseda Moodle and follow the instructions.	Laboratory for Science and Engineering 63-B1-27	ipse2a@list.waseda.jp
Mechatronics Laboratory A	IPSE, Dept. of Modern Mechanical Engineering (総機・国際コース)	2nd year	This Class is Cancelled.	Electrical Engineering Laboratory 63-B1-01	denko@ase.waseda.ac.jp
Mechatronics Laboratory Fundamentals	Major in Mechanical Engineering (総機・英語学位プログラム)	2nd year	This Class is Cancelled.	Electrical Engineering Laboratory 63-B1-01	denko@ase.waseda.ac.jp
Mechanical Engineering Laboratory Fundamentals	EBSE, Major in Mechanical Engineering (総機・英語学位プログラム)	2nd year 3rd year	Until May 11th, the precautions about classes will be uploaded on Waseda Moodle. Please confirm. This course will be conducted online .	Material Engineering Laboratory The document management office 59-104	zairyuu@list.waseda.jp
Civil and Environmental Engineering Laboratory	IPSE, Dept. of Civil & Environmental Engineering (社工・国際コース)	2nd year	This course will be conducted by online, but supplementary class may be conducted after the spring semester, we will take care not to affect other courses. Until May 11th, the precautions about classes will be uploaded on Waseda Moodle. Please confirm and prepare.	Material Engineering Laboratory The document management office 59-104	zairyuu@list.waseda.jp
Laboratory Work on Basic Inorganic and Analytical Chemistry	Major in Civil and Environmental Engineering	2nd year	Spring semester of this course will all be conducted online. The guidance will be provided on Waseda Moodle on Monday, May 11.	Chemical Analysis Laboratory No.56 BLDG, Room501	bunseki@list.waseda.jp
Inorganic and Analytical Chemistry Laboratory	Major in Chemistry IPSE, School of Advanced Sci. & Eng. 先進(国際コース)	2nd year/ 3rd year	This course will be conducted mainly online and the supplementary class is planned 3 to 4 times (3,4,5 period as usual) in early February 2021. (Detailed schedule is under consideration / will not affect the fall semester course) Please check the guidance materials on Waseda Moodle on Tuesday, May 12.	Chemical Analysis Laboratory No.56 BLDG, Room501	bunseki@list.waseda.jp
Life Science and Medical Bioscience Laboratory	IPSE, Dept. of Life Science & Medical Bioscience. (生医・国際コース)	2nd year	This course will be conducted mainly online, but supplementary experiments will also be held during the winter break (12/23-26). Please check Waseda Moodle and Waseda Mail as appropriate for more details in the future. Also, materials will be posted on Waseda Moodle from 5/13. Be sure to check it out by yourself and prepare for the following classes.	Life Science Laboratory	twins-exp@list.waseda.jp
Fundamental Bioscience Laboratory	Major in Bioscience (英語学位プログラム)	2nd year 3rd year	This course will be conducted mainly online, but supplementary experiments will also be held during the winter break (12/23-26). Please check Waseda Moodle and Waseda Mail as appropriate for more details in the future. Also, materials will be posted on Waseda Moodle from 5/13. Be sure to check it out by yourself and prepare for the following classes.	Life Science Laboratory	twins-exp@list.waseda.jp
Computer Science and Communications Engineering Laboratory B	ALL CSCE(英語学位)	3rd year	This Class is Cancelled.	Electrical Engineering Laboratory 63-B1-01	denko@ase.waseda.ac.jp
Applied Mechanics and Aerospace Engineering Laboratory A, B (機航・英語学位プログラム)	機航	3年	This course is cancelled in this year.	Material Engineering Laboratory The document management office 59-104	zairyuu@list.waseda.jp
Mechanical Engineering LaboratoryA	IPSE, Dept. of Modern Mechanical Engineering (総機・国際コース)	3rd year	Until May 11th, the precautions about classes will be uploaded on Waseda Moodle. Please confirm. This course will be conducted online .	Material Engineering Laboratory The document management office 59-104	zairyuu@list.waseda.jp
Laboratory Work on Hydraulics and Water Quality	IPSE, Dept. of Civil & Environmental Engineering (社工・国際コース)	3rd year	This course will be conducted by online, but supplementary class may be conducted after the spring semester. Until May 11th, the precautions about classes will be uploaded on Waseda Moodle. Please confirm and prepare.	Thermal,Fluid,and Control Engineering Laboratory 58-103	neturyuu@list.waseda.jp

Laboratory Work on Concrete	IPSE, Dept. of Civil & Environmental Engineering (社工・国際コース)	3rd year	This course will be conducted by online, and several supplementary classes may be conducted in the autumn semester, we will take care not to affect other courses. We will decide conduct of supplementary classes until July, and inform you. Until May 11th, the precautions about classes will be uploaded on Waseda Moodle. Please confirm and prepare.	Material Engineering Laboratory The document management office 59-104	zairyou@list.waseda.jp
Organic Chemistry Laboratory	IPSE, Dept. of Chemistry & Biochemistry (先進・国際コース)	3rd year	This course will be delivered electronically online, except for a supplementary hands-on session on 10/10 (sat), 10:40-16:15 (2nd-4th period). The session will be mandatory, and there would be no make-ups. Please check the Guidance materials that will be available on Waseda Moodle after 5/11, and get yourself ready for the lab.	Organic Chemistry Laboratory No.56 BLDG, Room501	yuuki@list.waseda.jp
Advanced Life Science and Medical Bioscience Laboratory	IPSE, Dept. of Life Science & Medical Bioscience. (生医・国際コース)	3rd year	This course will be conducted mainly online and materials will be posted on Waseda Moodle from 5/11. Please be sure to check it out and prepare for the online practice in the spring semester. We will decide whether to conduct supplemental experiments in the fall semester, taking into consideration changes in the situation and students' taking other courses. We will announce by the beginning of the fall semester.	Life Science Laboratory	twins-exp@list.waseda.jp
