

Applications Open for Scholarships

Scholarship Name	Academic 2020 Hiroyuki & Makiko Hatano Scholarship
Purpose of Scholarship	The late Mr. Hiroyuki Hatano was born in Niigata Prefecture in 1919, studied at Waseda University Senior High School, and graduated from Dept. of Applied Metal, Faculty of Science and Engineering in 1944. Mr. Hatano and his schoolmates studied during the earliest days of Dept. of Applied Metal, and their strong desire to learn has been inherited to Dept. of Metallic Engineering, Dept. of Material Engineering, and Dept. of Material Development Engineering. At the 100th anniversary of Faculty of Science and Engineering, Mr. and Mrs. Hiroyuki and Makiko Hatano kindly offered a donation to Waseda for the purpose of nurturing original and excellent researchers and developing research intended for students in the field of material at Graduate School of Fundamental/ Creative/ Advanced Science and Engineering. To reward courtesy of Mr. and Mrs. Hiroyuki and Makiko Hatano, this scholarship was established with their donation.
Eligible Students	Students enrolled in Master's course or 1st to 2nd year students enrolled in the 5-year Doctoral Program of Graduate School of Fundamental/ Creative/ Advanced Science and Engineering who conduct research in the field of materials.
