

Seminar Fee for One Semester in 2021
for Master's Degree and Non-degree (Research Student) Program
in Department of Integrative Bioscience and Biomedical Engineering
and Department of Nanoscience and Nanoengineering

* The seminar fees in 2022 are subject to change.

1. Department of Integrative Bioscience and Biomedical Engineering

Research Instruction Code	Research Instruction	Research Instruction Category	Seminar Fee
P02	Research on Biorobotics	Integrated Machine or Information	20,000 JPY
P09	Research on Molecular Genetics	Except for Integrated Machine and Information	44,750 JPY
P10	Research on Biomolecular Engineering	Except for Integrated Machine and Information	44,750 JPY
P14	Research on Theoretical Biophysics	Except for Integrated Machine and Information	44,750 JPY
P15	Research on Molecular Biophysics	Except for Integrated Machine and Information	44,750 JPY
P19	Research on Molecular Physiology	Except for Integrated Machine and Information	44,750 JPY
P21	Research on Integrative Brain Sciences	Except for Integrated Machine and Information	44,750 JPY
P23	Research on Medical Mechanical Engineering and its Application	Integrated Machine or Information	20,000 JPY
P24	Research on Bio-electronic Measurements and Control	Integrated Machine or Information	20,000 JPY
P25	Research on Applied Spectroscopy	Except for Integrated Machine and Information	44,750 JPY
P26	Research on Plant Physiology and Biochemistry	Except for Integrated Machine and Information	44,750 JPY
P27	Research on Physicobiology	Except for Integrated Machine and Information	44,750 JPY
P30	Research on Regulation Biology	Except for Integrated Machine and Information	44,750 JPY
P31	Research on Developmental Biology	Except for Integrated Machine and Information	44,750 JPY
P32	Research on Regenerative Medical Engineering and its Application	Integrated Machine or Information	20,000 JPY

P33	Research on Biomedical Robotics Engineering and its Application	Integrated Machine or Information	20,000 JPY
P34	Research on Medical Image Engineering and its Application	Integrated Machine or Information	20,000 JPY
P36	Research on Environmental Ecology	Except for Integrated Machine and Information	44,750 JPY

2. Department of Nanoscience and Nanoengineering

Research Instruction Code	Research Instruction	Research Instruction Category	Seminar Fee
Q03	Research on Nanodevices	Nanoelectronics	39,750 JPY
Q04	Research on Microsystem	Nanoelectronics	39,750 JPY
Q06	Research on Nano Materials Infomatics	Nanoelectronics	39,750 JPY
Q15	Research on Nano-chiral Science	Solid-state Nanoscience	39,750 JPY
Q17	Research on Semiconductor Quantum Physics	Solid-state Nanoscience	39,750 JPY
Q24	Research on Molecular Nano-engineering	Nanoelectronics	39,750 JPY
Q25	Research on Electrochemical Nano-systems	Nanochemistry	44,750 JPY
Q29	Research on Surface Chemistry of Nanostructured Materials	Nanochemistry	44,750 JPY
Q35	Research on Study for Nanobiomaterials	Nanoelectronics	39,750 JPY
Q37	Research on Electrochemical Computing	Solid-state Nanoscience	39,750 JPY
Q39	Research on Nano-structure Control	Solid-state Nanoscience	39,750 JPY
A40	Research on Bioanalysis	Nanochemistry	44,750 JPY
Q41	Research on Physical Chemistry of Surfaces and Interfaces	Nanochemistry	44,750 JPY
