

IPSE UG Students Enrolled in Fall 2010 through 2017

List of courses offered in IPSE for 2021

Department of Communications and Computer Engineering

| Course Key | Class Name | Allocated Year | Credit | Semester |
|------------|--|--------------------|--------|-----------------|
| 26GG013001 | Research Project B | 3rd year and above | 4 | spring semester |
| 26GG014001 | Research Project C | 4th year and above | 4 | fall semester |
| 26GG023003 | Software Engineering | 3rd year and above | 2 | fall semester |
| 26GG023004 | Info-Telecommunication and the Standardization | 3rd year and above | 2 | spring semester |
| 26GG023006 | Information Theory | 3rd year and above | 2 | spring semester |
| 26GG023008 | Wireless Communications | 3rd year and above | 2 | spring semester |
| 26GG023009 | Multimedia Systems | 3rd year and above | 2 | fall semester |
| 26GG023011 | Operating Systems | 3rd year and above | 2 | spring semester |
| 26GG024002 | Perceptual Computing | 4th year and above | 2 | fall semester |
| 26GG024005 | Information Retrieval | 4th year and above | 2 | fall semester |
| 26GG024006 | Digital System Design | 4th year and above | 2 | winter quarter |
| 26GG024007 | Advanced Intelligent Software | 4th year and above | 2 | fall semester |
| 26GG024008 | Analysis of Networked Systems | 4th year and above | 2 | fall semester |
| 26GG024010 | Advanced Wireless Access | 4th year and above | 2 | fall semester |
| 26GG024011 | Algorithms in Computational Biology | 4th year and above | 2 | fall semester |
| 26GG024012 | Image Processing | 4th year and above | 2 | spring semester |
| 26GG024013 | Advanced Image Information | 4th year and above | 2 | spring semester |
| 26GG024015 | Reliable Software | 4th year and above | 2 | spring semester |
| 26GG024017 | Distributed Embedded and Real-Time Processing | 4th year and above | 2 | fall semester |
| 26GG024019 | Advanced Processor Architecture Technology | 4th year and above | 2 | spring semester |
| 26GG024020 | Wireless Signal Processing | 4th year and above | 2 | spring semester |
| 26GG024021 | Software Quality Assurance | 4th year and above | 2 | spring semester |
| 26GG024022 | Computer Vision and Pattern Analysis | 4th year and above | 2 | spring semester |
| 26GG024023 | Foundations for Information Access Evaluation | 4th year and above | 2 | spring semester |
| 26GG024026 | Pattern Recognition and Machine Learning | 4th year and above | 2 | spring semester |
| 26GG024027 | Data Mining | 4th year and above | 2 | spring semester |
| 26GG024028 | Design and Implementation of Programming Languages | 4th year and above | 2 | fall semester |
| 26GG032002 | Logic Circuits | 2nd year and above | 2 | fall semester |
| 26GG032003 | Fundamentals of Programming | 2nd year and above | 2 | spring quarter |
| 26GG032004 | Algorithms and Data Structures | 2nd year and above | 2 | spring semester |
| 26GG032005 | Computer Systems | 2nd year and above | 2 | fall semester |
| 26GG032006 | Circuit Theory A | 2nd year and above | 1 | fall quarter |
| 26GG032007 | Circuit Theory B | 2nd year and above | 1 | winter quarter |
| 26GG033001 | Signal Processing | 3rd year and above | 2 | fall semester |
| 26GG033002 | Communications and Computer Engineering Laboratory | 3rd year and above | 2 | fall semester |
| 26GG033003 | Information Network Systems | 3rd year and above | 2 | fall semester |
| 26GG033004 | Research Project A | 3rd year and above | 2 | fall semester |
| 26GG033005 | Teletraffic Theory | 3rd year and above | 2 | fall semester |
| 26GG034001 | Research Project D | 4th year and above | 2 | spring semester |
