

**IPSE UG Students Enrolled in Fall 2010 through 2017**

**List of courses offered in IPSE for 2021**

**Department of Chemistry and Biochemistry**

| Course Key | Class Name                                    | Allocated Year     | Credit | Semester        |
|------------|---|--------------------|--------|-----------------|
| 28GC021001 | Green Materials Science                       | 1st year and above | 2      | fall semester   |
| 28GC022001 | Inorganic Chemistry A                         | 2nd year and above | 2      | fall semester   |
| 28GC022002 | Organic Chemistry A                           | 2nd year and above | 2      | fall semester   |
| 28GC022003 | Physical Chemistry A                          | 2nd year and above | 2      | spring semester |
| 28GC022004 | Biochemistry                                  | 2nd year and above | 2      | spring semester |
| 28GC022005 | Inorganic Chemistry B                         | 2nd year and above | 2      | spring semester |
| 28GC023001 | Physical Chemistry Laboratory                 | 3rd year and above | 3      | fall semester   |
| 28GC023002 | Inorganic and Analytical Chemistry Laboratory | 3rd year and above | 3      | spring semester |
| 28GC023003 | Organic Chemistry Laboratory                  | 3rd year and above | 3      | spring semester |
| 28GC023004 | Chemical Biology                              | 3rd year and above | 2      | spring semester |
| 28GC023005 | Physical Chemistry B                          | 3rd year and above | 2      | fall semester   |
| 28GC024001 | Graduation Thesis A                           | 4th year and above | 4      | fall semester   |
| 28GC024002 | Graduation Thesis B                           | 4th year and above | 4      | spring semester |
| 28GC032001 | Organic Chemistry B                           | 2nd year and above | 2      | spring semester |
