School of Advanced Science and Engineering

Faculty of Science and Engineering

Waseda University

**School of Advanced Science and Engineering –
The English-based Undergraduate Program AO Admission (September enrollment)
discontinued from 2023 intake onwards**

This is to inform you that the AO admission to the all Majors (Major in Physics, Major in Chemistry, and Major in Bioscience) of the School of Advanced Science and Engineering in the Faculty of Science and Engineering will discontinue from 2023 intake onwards as follows.

1. Admission scheme to be discontinued

The English-based Undergraduate Program AO Admission for September enrollment

2. School (Major) which stops accepting applicants under the above mentioned admission

School of Advanced Science and Engineering

(Major in Physics, Major in Chemistry, and Major in Bioscience)

3. When to stop accepting applicants

For all Majors in the School of Advanced Science and Engineering, the admission for September 2022 enrollment will be the last one, and we will discontinue the admission from 2023 admission (for September 2023 intake) onwards. However, the School of Fundamental Science and Engineering and the School of Creative Science and Engineering will continue to accept applicants.

School	Major	Continued or Discontinued
Fundamental Science and Engineering	Major in Mathematical Sciences	To Be Continued
	Major in Computer Science and Communications Engineering	To Be Continued
Creative Science and Engineering	Major in Mechanical Engineering	To Be Continued
	Major in Civil and Environmental Engineering	To Be Continued
<u>Advanced Science and Engineering</u>	<u>Major in Physics</u>	<u>To Be Discontinued</u>
	<u>Major in Chemistry</u>	<u>To Be Discontinued</u>
	<u>Major in Bioscience</u>	<u>To Be Discontinued</u>
