AO Admission to
English-based Graduate Program
(Including Research Student Program)
for September 2026 and April 2027

APPLICATION GUIDELINES

Your application will not be accepted if any of the following procedures are not completed by the specified deadline. Applications submitted after the deadline will not be accepted under any circumstances.

- 1) Payment of the screening fee**
- 2) Registration of the online application form**
- 3) Submission of application documents**

Important Notice

1) Application eligibility for students who graduated (or expect to graduate) from a university in Japan

Only students who graduated (or expect to graduate) from an English-based degree program are eligible for the application. Submission of an official document proving that the medium of instruction of your program is English is required. It is important not just taking classes in English but to obtain a degree in English.

2) Contacting your prospective supervisor at least 1 month before the application is strongly recommended

If you fail to do so, it can cause disadvantages for the screening. Send an email with your CV and a detailed research plan files to your prospective supervisor. Include your desired time of enrollment as well. Check the details about research guidance and supervisors through the following URLs. Make sure your research plan is considered carefully before you contact our professor.

- List of Research Guidance and Supervisors (Including Contact Information)

https://www.waseda.jp/fsci/EN/admissions_gs/#anc_6

3) Confirm Research Guidance “Code” to fill in the application form

The Research Guidance Code is available from our website. Please refer to the department you are interested in and check the Excel list on the right side. The code is different between Master’s and Doctoral program of the same supervisor, so please be careful when you select the code.

https://www.waseda.jp/fsci/EN/admissions_gs/#anc_6

4) Prepare your original certificates which can be reissued

Must be officially issued from your university. Photocopies are not accepted. Do not post your original graduation diplomas which cannot be reissued. We will not be responsible for any loss or damages during the delivery of your important documents.

5) Make sure there are NO mistakes before completing your online application

Read this guide thoroughly. No changes will be allowed after application under any circumstances such as enrollment period, department, research guidance, etc. Note that the online application system does not have “temporarily save” function.

6) Check the delivery status by yourself

As we do not send the acknowledgement of receipt, we advise our applicants (especially for overseas applicants) to use a trackable postal service such as DHL or FedEx and check the delivery status by yourself in needed. Please do not ask us if your documents have arrived or not.

7) Restrictions on Duplicate Applications in case of overlapping application periods

You cannot apply for multiple programs of which application periods are overlapped, such as Master’s Degree Program and Master’s Non-Degree (Research Student) Program.

8) Even if you had submitted documents such as your certificates or recommendation letters for your previous application, you must submit them for each application.

You must prepare your application documents for each admission every time. You cannot ask us to re-use the documents which you submitted before.

9) Requirements to obtain “Student” residence status (for foreign applicants to Master’s Non-Degree (Research Student) Program)

If you are applying for the Master’s non-degree (research student) program without taking research guidance, please note that you must take at least 10 hours of courses per week (6 courses excluding Japanese language courses offered by the Center for Japanese Language) in order to obtain “Student” residence status. If you take research guidance, you can obtain “Student” residence status without taking any other courses.

[Handling of Personal Information]

Waseda University will use the personal information (address, name, date of birth, etc.) collected at the time of application to discharge duties relating to entrance examinations, announcement of successful applicants, enrollment procedures, and other related work. In doing so, the University will take necessary and appropriate measures to prevent the leakage, outflow, or unauthorized use of such information. The University may outsource all or part of the above-stated items. In such cases, the University will oblige, by contract or other means, the subcontracted entity or entities to perform necessary and appropriate management of the information. The University may inquire about the authenticity, etc., of documents, materials, theses, and information, etc., submitted to the University (hereafter “Submitted Documents”) by providing them to the issuers, providers, theses review entities, etc. By submitting or providing the Submitted Documents to the University, the applicant agrees to the University’s right to make such inquiries. Personal information that has been statistically processed, keeping individual identities confidential, will be used as material for surveys and research for the University’s admission selection processes.

[Collecting Information Related to Gender]

For the purpose of administering entrance exams in an efficient manner and carrying out admission procedures, Waseda University collects information regarding your gender on legal documents. The information is collected only when the reason is deemed reasonable, and these cases will be kept to the minimum.

<Notes for Master's Non-Degree (Research Student) Program>

- Master's non-degree (research student) program student will not be able to obtain a degree, and the program is for half-year or for one-year. If the Master's non-degree (research student) students will not take any courses for the second semester, their registration will be deleted at the end of the first semester. If they select courses conducted in the second semester, such as research guidance, they will continue their Master's non-degree (research student) program in the second semester.
- Students can select [research guidance](#), [seminars](#) and [lectures](#) via online application.
- The professor of the seminar and the professor of the research guidance must be the SAME person. You cannot select a seminar if the professor is not the same as the research guidance. If you select a seminar of a different professor, the registration will be cancelled automatically.
- Students may only take courses offered by the department they wish to enter. Students may not take courses offered by other departments. The maximum number of credits that you can earn is 14 credits per semester and 28 credits per year, with no credits earned for receiving research guidance.
- The courses selected by applicants via online application are fixed at the time of screening. No changes will be allowed under any circumstances after the announcement of admission results.
- Full-year courses require payment of a full year's tuition in the spring semester. Even if you cancel a full-year course in the middle of a semester, the tuition will not be refunded.
- If you become a Master's degree student, up to 10 credits (excluding research guidance) earned in the Master's non-degree (research student) program can be converted to the credits required for completion of the Master's Degree Program.

<Notes for Doctoral Non-degree (Research Student) Program>

- The doctoral non-degree (research student) program is a one-year program and you will not be able to obtain a degree. The doctoral non-degree (research student) students can take research guidance only.

- c) Those who are aiming to complete the English-based Master's Degree Program at the Graduate School of Fundamental / Creative / Advanced Science and Engineering, Waseda University in one year or one and a half year are expected to obtain over 30 credits from the designated courses, and should be recognized as students with excellent achievements by their prospective supervisor and department. Please make sure to contact your supervisor at least one month before the first day of the application period if you plan to apply under this criterion.

Notes for Research students

Research students with "Student" residence status can take courses for up to one year due to restrictions of the Immigration Bureau. If you have taken courses as research students at any other universities and wish to take courses as research students at Waseda University next year, in most cases, your status of residence for another year may not be extended due to the restrictions decided by the Immigration Bureau. Please contact the Immigration Bureau for the details.

In order to obtain "Student" residence status, research students must take at least 10 hours of courses per week (6 courses excluding Japanese language courses offered by the Center for Japanese Language). **If you take research guidance, you can obtain "Student" residence status without taking any other courses.**

Notes for applicants who have not graduated your university yet

You need to submit a Certificate of Expected Graduation or Certificate of Enrollment at the time of application, and you will need to submit a Certificate of Graduation which clearly states that you have obtained the degree at the time of enrollment procedures. If you cannot submit them, your admission offer will be withdrawn. Applicants who will graduate from a university in mainland China will need to submit "Online Verification Report of Higher Education Qualification Certificate in English" and "Online Verification Report of China Higher Education Degree Certificate in English".

Restrictions if you are a faculty member at Waseda university

Note on Submitted Application Documents and Screening Fee Refund

As a rule, application documents and screening fees will not be returned. A full screening fee will only be refunded if you fall into one of the categories below. Please note that transaction/handling fees required for the refund procedure must be paid by the applicant.

- 1) You paid the screening fee but did not submit the application documents.
- 2) You paid the screening fee but submitted the application documents after the deadline.
- 3) You paid the screening fee and submitted the application documents, but your application was rejected because you cannot satisfy the application qualification with the documents submitted.

If you fall into one of the categories above, please contact the Graduate Admissions Office, Center for Science and Engineering at Waseda University (fsegraduate@list.waseda.jp).

8. Announcement of Admission Results

1) Announcement Date

Period of Enrollment	Result Announcement Date	
September 2026	1 st round	February 27, 2026
	2 nd round	May 22, 2026
April 2027	December 11, 2026	

2) Announcement Method

- Admission results will be sent to your email address registered for online application.
- We do not answer to any inquiries regarding the admission results.
- Information registered through online application (enrollment period, department, research guidance, etc.) is fixed at the time of application. No changes are allowed under any circumstances afterwards.

9. Entrance Procedures

For the Entrance Procedures, the following three steps must be completed by the deadlines:

1. Complete the payment of tuition and fees for entrance procedures
2. Complete the online registration through our online system for entrance procedures
3. Submit necessary documents by postal mail or in person

The details of Entrance Procedures will be notified to the successful applicants by e-mail. The schedule below is for your reference, and dates are subject to change. **Contact the Graduate Admissions Office, Center for Science and Engineering if there is a change in your address or e-mail address after application.**

10. Refund of School Expenses

As a rule, we do not return submitted documents or refund school expenses and fees (the admission fee and school expenses for the first semester). However, if you do not enter Waseda University due to unavoidable circumstances or fail to meet the entrance qualifications prior to enrollment, we may refund only the school expenses for the first semester (but not the admission fee). For more information about the procedure for receiving such refund, refer to the guide to entrance procedures on our website.

11. To International Students with foreign citizenship (Acquisition of Status of Residence “Student”)

International students admitted to Waseda University can apply for the residence status “Student”, and will be eligible for most scholarships for international students. Those with a resident status other than “Student” are also eligible to enter Waseda University, but please be aware that some services/systems are limited to only international students holding resident status “Student”. Please take note that international students are not eligible to enroll in the university with “Temporary Visitor” visa.

1) If you have a valid resident status in Japan already

Please contact our office if you need to extend your resident status “Student” or if you wish to change into resident status “Student”. You can apply for the extension three months before your resident status expires. For further details, please refer to the following website.

<https://www.cie-waseda.jp/visastatus/en/prospective/>

Please note that specific documents and the “Certificate of Admission (COA)” issued by Waseda University are required upon application for the extension or change of resident status, and we can only issue these documents **after the completion of enrollment procedures is confirmed**.

2) If you do not have a valid resident status in Japan

You will first need to obtain a Certificate of Eligibility (COE) issued by the Immigration Services Agency of the Ministry of Justice of Japan. The university will apply for the COE on behalf of our applicants **who have completed all the required enrollment procedures**. As soon as the COE is issued, we will send it to you via email together with a Certificate of Admission (COA) issued by the university. Please bring the COE, COA and your passport to your local Japanese embassy/consulate to apply for the “Student” visa. You will be able to receive the resident status “Student” by entering Japan with the “Student” visa.

*COE will expire in 3 months from the date of issuance, so please apply as soon as you receive it.

3) Japan Pre-Entry Tuberculosis Screening (JPETS)

Applicants who hold nationality of **Philippines / Vietnam / Indonesia / Nepal / Myanmar / China** are required to submit the “Tuberculosis (TB) Clearance Certificate” in addition to the usual Certificate of Eligibility (COE) application documents to prove that you are not infected with TB. **The date this rule takes effect differs depending on your nationality**. Please check the link below for details.

<https://www.waseda.jp/inst/cie/news/40765>

4) Other important points

- The university can only support your application for the resident status “Student”. If you wish to apply for other types of resident status of residence, please confirm with the Immigration Services Agency directly about necessary documents and procedures.
- It usually takes two to three months until the COE is issued. If the Immigration Services Agency considers it necessary, additional documents may be requested and more time will be required in that case.
- **If you decide not to enter Waseda University, please contact us immediately to cancel your COE application. If you decide to enter another university in Japan, your COE must be applied through that university.**
- If you have multiple citizenships that include a Japanese citizenship, you are not eligible to apply for COE.
- The Immigration Services Agency is solely responsible for decisions regarding applications for COE and resident status. If issuance is delayed or application is not approved, Waseda University cannot be held responsible for the cancellation fee of your air ticket and/or other inconveniences. Please be careful when booking your flight/accommodation and so on.
- For further questions on application procedures for COE application and resident status of “Student”, please contact the Graduate Admissions Office, Center for Science and Engineering at Waseda University at fsegraduate@list.waseda.jp.

12. Admission Fee, School Expenses and Other Fees

1) Master's / Doctoral Degree Program

Please confirm the amount from the URL below.

<Admission Fee, Tuition and Miscellaneous Fees>

https://www.waseda.jp/fsci/EN/admissions_gs/#anc_8

[Waiver of Admission Fee (Only for Master's / Doctoral Degree Program)]

If you are currently enrolled in, graduated from, completed, or withdrew from an undergraduate, graduate, or specialized program of Waseda University as a regular student, the admission fee will be waived.

2) Master's /Doctoral **Non-degree (Research Student)** Program

- The following school expenses and other fees are for students taking courses in 2026.
- The fees for 2027 are subject to change.
- The research guidance fee and seminar fee are for one semester.
- The tuition fee is per credit (of seminars and lectures).
- Master's research students without taking research guidance and seminars do not need to pay the seminar fee.
- Research students must pay the following school expenses and other fees for the second semester at the end of the first semester(for April admission) or the beginning of the second semester(for September admission).
- If you do not pay the fees by the designated period, your research student status will be withdrawn at the end of the first semester.

13. Scholarship

There are no scholarships for international students available which you can apply for "before" your entrance. If you wish to apply for our scholarships, please check out the details from the following URL. If you have questions about scholarships for international students, please contact the Center for International Education office through the below website.

(For International Students with "Student" visa) <https://www.waseda.jp/inst/cie/en/life/aid>

(For Japanese Students) <https://www.waseda.jp/inst/scholarship/>

* The details of scholarships may change.

* Many of the external scholarships require a high level of Japanese language ability.

Japanese Government (MEXT) Scholarship by University Recommendation

Our graduate school will select nominee(s) for the MEXT Scholarship by University Recommendation **from applicants of the 1st round of admission for September 2026 Entrance**, and only applicants who **meet all the criteria specified by the MEXT** will be considered as candidates. The latest criteria have not been announced by the MEXT, and the following list of criteria is updated based on that of the previous year (criteria could be changed and this information is just for your reference).

- 1) Those who are foreign nationals, residing outside of Japan, and will be newly applying for a student visa. Those who already have a resident status in Japan are not eligible for application.
- 2) Those who have obtained a GPA above "2.3 (with a maximum of 3)" points based on the calculation formula specified by the MEXT.
- 3) Those who are applying for the English-based Master's / Doctoral Degree Program entering in **September 2026 and was born after April 2, 1991.**
- 4) Those who have completed all the application procedures (**payment of the screening fee, registration of the online application and submission of the application documents**) **by the deadline.**
- 5) Nationality
The latest policy has not been announced, but only those who hold a nationality listed in the countries and regions designated by MEXT (see page 20) were eligible in the previous year.

Please note that this scholarship is **extremely competitive**. Our graduate school can nominate **only a couple of** candidates each year, and the university will further select a limited number of candidates among those nominated by all graduate schools. After that, the MEXT will decide the final scholarship recipients among candidates nominated from all universities, and you can only enter our school as a **self-financed student** if you were not selected by the MEXT for this scholarship.

Result Announcement (February 27th of 2026)

You will be informed of either of the following results. Please note that even if you are nominated as a candidate, the selection process will continue and the final decision will be made by the MEXT around the end of June, 2026. We will inform candidates of the result as soon as we receive it.

- You are accepted and at the same time has been nominated as a MEXT scholarship candidate by our graduate school
- You are accepted to our graduate school but have not been nominated as a MEXT scholarship candidate. You will be a self-financed student if you choose to enter our graduate school, and all expenses must be covered by your own or by someone else (family, or so on).
- You are not accepted to Waseda University (failed the admission).

14. Note on Entrance Examination

<Dishonest Acts>

Waseda University has provided the following guidelines so that all examinations can be properly administered, and all examinees have an opportunity to perform in a fair and equitable environment. Please read the guidelines carefully and approach the examination in a serious manner.

- 1) You may be deemed to have committed a dishonest act if Waseda University determines that you have falsified, fabricated, or plagiarized the document(s), statement(s), or information submitted for your application.
- 2) In addition, the following responses may be taken if a dishonest act is identified.
 - The applicant may not be allowed to continue taking the examination or allowed to take any other entrance examination given by Waseda University during the year. (Screening fees will not be returned.)
 - The results of all entrance examinations taken by the applicant at Waseda University during the year may become invalid.
- * In these Admissions Guidelines, any devices with communication function such as a cellphone, smartphone, tablet, PHS, or smartwatch are collectively called "cellphone".

<Disclaimer>

In cases of unforeseen circumstances that are beyond human control, such as a natural disaster (e.g., typhoons, earthquakes, flooding, tsunamis) and/or accident, such as fire, power failure, and so on, measures including delaying the start of the exam or postponing the exam, etc. may be taken. However, in such an event, we will bear no responsibility for any resulting inconvenience, expense, or other personal loss that the examinee may incur.

<Security Export Controls>

At Waseda University, we have established security export control regulations and operational guidelines in accordance with the "Foreign Exchange and Foreign Trade Act".

We conduct evaluations when providing technology or admitting researchers and students from abroad to ensure that the educational and research activities for foreign students do not compromise international security and peace.

Please be aware that if the evaluation determines that you fall under the regulated conditions, your desired educational and research activities may be subject to restrictions.
