

## Applications Open for Scholarships

Scholarship Name	<b>The AY2026 Masateru Kimura Scholarship</b>							
Purpose of Scholarship	This scholarship was established with a donation from Mr. Masateru Kimura to aim for graduate students who are enrolled in Master's program of the Graduate Schools of Fundamental/ Creative/ Advanced Science and Engineering and undergraduate students of the Schools of Fundamental/Creative/Advanced Science and Engineering expected to advance to the Graduate Schools of Fundamental/Creative/Advanced Science and Engineering (including 1st and 2nd year students of the Department of Advanced Science and Engineering), and to save creative and excellent students from financial difficulties and encourage their researches. For this purpose, this scholarship was established as the grant requiring no repayment.							
Eligible Students	<p>Students who meet any of the following conditions can apply. Stundents who belong to any of the following departments are eligible;</p> <table><tr><td>Departments</td></tr><tr><td>Department of Pure and Applied Mathematics</td></tr><tr><td>Department of Civil and Environmental Engineering</td></tr><tr><td>Department of Earth Sciences, Resources and Environmental Engineering</td></tr><tr><td>Department of Pure and Applied Physics</td></tr><tr><td>Department of Chemistry and Biochemistry</td></tr><tr><td>Department of Applied Chemistry</td></tr></table> <p>1) Master's students in any of the above departments in the Graduate Schools of Fundamental/ Creative/Advanced Science and Engineering (excluding those expected to graduate in March 2026)</p> <p>2) Undergraduate students expected to graduate from the Schools of Fundamental/Creative/Advanced Science and Engineering in March 2026 and to advance to the Master's program in any of the above departments of Graduate Schools of Fundamental/Creative/Advanced Science and Engineering or to the Department of Advanced Science and Engineering in April 2026</p> <p>3) Undergraduate students enrolled in the Schools of Fundamental/ Creative/ Advanced Science and Engineering and expected to advance to the Master's Program of the above departments of the Graduate Schools of Fundamental/Creative/Advanced Science and Engineering in April 2026 by skipping a grade</p>	Departments	Department of Pure and Applied Mathematics	Department of Civil and Environmental Engineering	Department of Earth Sciences, Resources and Environmental Engineering	Department of Pure and Applied Physics	Department of Chemistry and Biochemistry	Department of Applied Chemistry
Departments								
Department of Pure and Applied Mathematics								
Department of Civil and Environmental Engineering								
Department of Earth Sciences, Resources and Environmental Engineering								
Department of Pure and Applied Physics								
Department of Chemistry and Biochemistry								
Department of Applied Chemistry								
Number of Candidates	10 students							
Amount	¥400,000/year							
Period	1 year							
Selection Criteria	Excellent academic records as well as outstanding personal character *We will inform the date and the place through the contact information submitted on the application form if there is an interview scheduled.							
Application Form	Download from the URL below: <a href="https://www.waseda.jp/fsci/students/tuition/">https://www.waseda.jp/fsci/students/tuition/</a>							
Documents to Be Submitted	(1) Application Form (use the designated form) (2) Recommendation Letter (use the designated form) (3) Academic transcript from undergraduate program (*Transcript from Master's program is unnecessary.) Submit all the documents as PDF files via the following URL <a href="https://my.waseda.jp/application/detail/application-detail?communityContentLinkId=664017809">https://my.waseda.jp/application/detail/application-detail?communityContentLinkId=664017809</a>							
Application Deadline	By 23:59 p.m. on Tuesday, January 6, 2026							
Result Announcement	April 2026							
Issuance Timing	expected at the end of May 2026							
Notes
