

Faculty of Science and Engineering, Waseda University
School of Fundamental Science and Engineering
Department of Communications and Computer Engineering

Faculty Recruitment Information

Posted date	April 13, 2026
-------------	----------------

Number of Positions	2
Status	Professor with tenure, Professor (tenure-track) or Professor (non-tenure-track)
Position	<p>(1) Professor with tenure : Professor, Associate Professor, or Assistant Professor</p> <p>(2) Professor (tenure-track) : Professor (tenure-track), Associate Professor(tenure-track), or Assistant Professor(tenure-track)</p> <p>※Waseda University will decide on an employment position based on your educational / research experience and age. As a general rule, candidates who are 61 years of age or older at the time of appointment for a tenured (permanent) position will be appointed as a Professor (non-tenure-track).</p> <p>※It is not possible to continue being employed after reaching 70 years of age.</p> <p>※Regarding the details of the Tenure track, please refer to the section "Tenure track" as well as its duration of employment.</p>
Education /Research Area	Information and communication fields such as information and communications, artificial intelligence (AI), and quantum technology.
Affiliated Faculty	Undergraduate/Graduate School of Fundamental Science and Engineering. Affiliation (main affiliation) will be the Faculty of Science and Engineering, School of Fundamental Science and Engineering, Department of Communications and Computer Engineering of Waseda University.
Starting Date	April 1, 2027, or the date of the earliest convenience thereafter
Duration of Employment	<p>(1) For those appointed as Professor, Associate Professor, or Assistant Professor (tenured), there is no fixed term of office.</p> <p>(2) In principle, candidates who are 61 years of age or older at the time of appointment will be appointed as a Professor (non-tenure-track)</p> <p>Professor (non-tenure-track):</p>

	<ul style="list-style-type: none"> •The initial term of office is three years from the date of appointment. Upon expiration of this term, the individual may be reappointed for an additional period not exceeding two years, following a comprehensive evaluation of educational and research achievements, work performance, and other relevant factors. •The total continuous period of service at the University under this specific status cannot exceed 10 years. •If there had been an employment contract with the university at any time since April 1, 2013, and if there is no period for which employment contracts have not been concluded for more than half a year until this adoption date in principle, there is an upper limit on the duration of the continuing employment contract period. Therefore, the period of employment and the possibility of reappointment itself may differ from the above description.
Tenure track	<ul style="list-style-type: none"> •We may hire candidates under the tenure-track system based on a comprehensive assessment of their educational and research background. •Professor (tenure-track): for 3 years <ul style="list-style-type: none"> ➤ A Professor (tenure-track) can be employed for a maximum of 5 years. Screening will be completed within the first 3 years, and you may begin your job hunting in the last 2 years. ➤ The first screening will be in the 2nd year. After passing the first screening, the final screening will be in the 3rd year. After passing the final screening, you are employed as a full-time faculty member with tenure when you conclude your tenure as a tenure-track professor. •Associate Professor(tenure-track) or Assistant Professor(tenure-track) : for 3 years <ul style="list-style-type: none"> ➤ An Associate Professor (tenure-track) or Assistant Professor (tenure-track) can be employed for a maximum of 7 years. Screening will be completed within the first 5 years, and you may begin your job hunting in the last 2 years. ➤ The first screening will be in the 3rd year. After passing the first screening, you have a 2-year extension, and the final screening will be in the 5th year. After passing the final screening, you are employed as a full-time faculty member with tenure. •In the first and final screening, the performance of teaching, research activities, and contributions to the administration of the department will be evaluated in the position (details will be set in the "full-time faculty with tenure criteria document" and will be explained by the time of hiring).
