

International Workshop on Multiphase Flows: Analysis, Modelling and Numerics

Date: December 5 - 9, 2022

Venue: Waseda University, Tokyo, Japan

Detail Information & Registration

<http://www.sgu-mathphys.sci.waseda.ac.jp/event/ws2022/>

Special Lecture

Birkhäuser Distinguished Lecture on Mathematical Fluid Mechanics

Yoshihiro Shibata (Waseda University)

"The L_p - L_q maximal regularity and free boundary problem for the Navier-Stokes equations"

Invited Speakers

Priyanjana M. N. Dharmawardane
(Wayamba University of Sri Lanka)

Thomas Eiter (Weierstrass Institute
for Applied Analysis and Stochastics)

Giovanni Paolo Galdi (University of Pittsburgh)

Vladimir Georgiev (University of Pisa)

Matthias Hieber (TU Darmstadt)

Mitsuo Higaki (Kobe University)

Toshiaki Hishida (Nagoya University)

Jumpei Inoue (Waseda University)

Tsukasa Iwabuchi (Tohoku University)

Shuichi Kawashima (Waseda University)

Takayuki Kobayashi (Osaka University)

Matthias Köhne
(Heinrich-Heine-Universität Düsseldorf)

Takayuki Kubo (Ochanomizu University)

Paolo Maremonti (Università degli Studi
della Campania "Luigi Vanvitelli")

Ryosuke Nakasato (Waseda University)

Shinya Nishibata (Tokyo Institute of Technology)

Takayoshi Ogawa (Tohoku University)

Kenta Oishi (Waseda University)

Tohru Ozawa (Waseda University)

Reinhard Racke (University of Konstanz)

Jürgen Saal
(Heinrich-Heine-Universität Düsseldorf)

Hirokazu Saito (The University of
Electro-Communications)

Gieri Simonett (Vanderbilt University)

Ryo Takada (The University of Tokyo)

Taiki Takeuchi (Waseda University)

Yasushi Taniuchi (Shinshu University)

Tadashi Udagawa (Waseda University)

Keiichi Watanabe (Waseda University)

Xin Zhang (Tongji University)

Organizers

Yoshihiro Shibata (Waseda University)

Kubo Takayuki (Ochanomizu University)

Hirokazu Saito (The University
of Electro-Communications)

Keiichi Watanabe (Waseda University)

Kenta Oishi (Waseda University)
