Admission Policy

As part of its educational philosophy of “Academic Independence”, Waseda University welcomes numerous students from Japan and around the world who possess high levels of basic academic ability, strong intellectual curiosity, a richly enterprising spirit, and an eagerness to learn.

For our 2-year Master’s Program course, we are looking for people who can be successful as professionals in a wide range of sports-related business fields in the five research areas of sports culture, sports business, sports medicine, human movement science and coaching science in order to cultivate academic researchers and advanced professionals. In addition, on our one-year Master’s Program course for people with work experience, we are looking for people who have the potential to become professionals with outstanding capabilities in sports management.

At this Graduate School, we accept students who have the potential to respond to the increasing demand for the sport sciences, to be successful as professionals in a wide range of sports-related business areas, and to contribute greatly to the social development of the sport sciences.

Curriculum Policy

, A total of 30 credits must be obtained to complete both one-year course and two-year course of our Master’s Program. The School includes important issues of the sport sciences in the curriculum. On the one-year course, the School offers research guidance, seminars and lectures outside of normal hours in consideration of adult students so that they are able to take classes without affecting their work. In addition, it is also possible to include coursework subjects from other Graduate Schools (up to 8 credits) among the credits taken if designated procedures are completed. Research guidance provides general guidance on research methods with the main focus on the preparation of a Master’s thesis. All students must submit a Master’s thesis and pass screening to complete their degree.

In our Doctoral Program, one supervising faculty member gives scrupulous research guidance on the preparation of a Doctoral thesis to a small number of students and tries to make sure doctoral theses are completed within the term of the course. The completion requirement is to submit a Doctoral thesis and pass screening.

Diploma Policy

In order to develop people capable of proactively contributing to global society, we will utilize the comprehensive and original characteristics of Waseda University to encourage exchange between diverse academic fields, cultures, languages and values, supported by systematic education courses and a university-wide teaching and student life environment.

In our two-year Master’s Program course, we do not only cultivate coaches for school education and social education, but also students who will be active as talented professionals in a wide range of sports-related work and business areas as they acquire advanced knowledge of sport. Furthermore, we also aim to develop people who can contribute to improvements in quality of life and the formation of preferred sports life through the creation of new sports environments.

Because our one-year Master’s Program is targeted at students who already have work experience, it is aimed at helping students to acquire advanced knowledge through intensive education in the Graduate School and to further expand the scope of each student’s activities as a professional.

The main aim of our Doctoral Program is to cultivate researchers in the sport sciences with advanced research capabilities and abundant scholarly attainment.

We will take necessary and proper measures to protect such information from leakage, disclosure, or unauthorized use. All or part of the above operations may be outsourced to an agency. In such case, the agency will be contractually required to maintain necessary and proper management. 7. Points to Note When Taking the Entrance Examination

Waseda University has provided the following guidelines so that all examinations can be properly administered and all examinees have an opportunity to perform in a fair and equitable environment. Please read the guidelines carefully and approach the examination in a serious manner.

1. You may be deemed to have committed a dishonest act if Waseda University determines that you have falsified, fabricated, or plagiarized the document(s), statement(s), or information submitted for your application.
2. In addition, the following responses may be taken if a dishonest act is identified.
 - The applicant may not be allowed to continue taking the examination or allowed to take any other entrance examination given by Waseda University during the year. (Screening fees will not be returned.)
 - The results of all entrance examinations taken by the applicant at Waseda University during the year may become invalid.

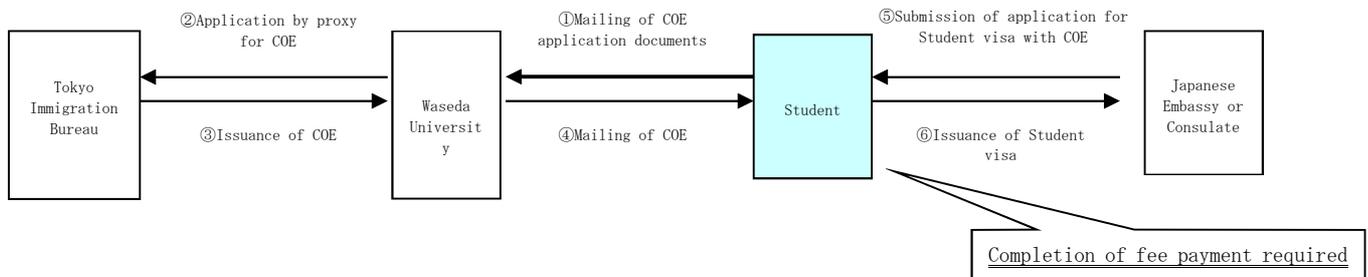

8. Acquisition of Status of Residence “Student”

International students who are admitted to Waseda University are able to apply for a status of residence “Student”. Those with the status of residence “Student” are eligible to apply for tuition reduction/exemptions and scholarships for international students. Those with a status of residence other than “Student” that allow the holder to stay in Japan for long periods are eligible to enter Waseda University. In that case, however, you may encounter difficulties when using various services and systems intended for international students. In addition, students are not eligible to enroll in the university with a “Short-term” visa status.

(1) If you do not have a status of residence in Japan (If you are NOT a resident in Japan)

1. In order to apply for a visa to enter Japan, you will first need to obtain a certificate of eligibility(COE) from the Immigration Bureau of the Ministry of Justice of Japan, located in Japan. If you are a foreign national applying from outside Japan and have completed payment of the admission fee and designated school expenses for enrollment, the Center for International Education (Tel: 03-3203-9806) will apply for your certificate of eligibility to the Immigration Bureau on behalf of you. You must send the required documents by registered mail (international courier service, etc.) to arrive at the Center for International Education). See “COE Application by Proxy” for details. Since it takes one to two months before the Immigration Bureau makes a decision, we advise you to complete the payment and submit COE application documents early, regardless of the deadline.
2. After the COE is issued, Waseda University will send it to you by mail (we send to addresses outside Japan only). Upon receiving the COE, you need to take the COE and your passport to the Japanese embassy or consulate in your area to apply for a “Student” visa. After receipt of a visa to Japan, you are supposed to enter Japan as a student within three months of the issuance of a COE.
3. A certificate of admission will be forwarded to you with the COE.
4. The Center for International Education, Waseda University acts on your behalf to apply for your COE to obtain a “Student” visa and a status of residence “Student”. If you wish to apply for a COE for any other type of visa and status of residence, you need to make an application yourself.

[Sequence of Steps (①→⑥) Involved in Obtaining a “Student” Visa]

【Visa waiver and short-term visa holders】

If you enter Japan as a visa waiver or on a short-term (tourist) visa, in principle, you will not be allowed to change your visa status to a status of residence “Student” while in Japan. You will have to leave Japan and submit a certificate of eligibility(COE) at a Japanese embassy or consulate outside Japan to obtain a “Student” visa. Afterwards, you will be able to re-enter the country.

However, if it is difficult for you to return to your home country before starting the new semester, please consult with the Center for International Education at (Tel: 03-3203-9806; E-mail: in-cie@list.waseda.jp).

(2) If you have a status of residence (If you are a resident in Japan)

1. If you have a status of residence "Student"

If you currently have a status of residence "Student", please process the "application for extension of period of stay" as necessary. You are able to apply for an extension of period of stay up to three months before your status of residence expires. For details regarding this application, please see "How to apply for a visa extension," Visa-Related Procedures, the website of the Center for International Education at:
<http://www.cie-waseda.jp/visastatus/en/current/extvisastatus.html>.

Please note that your renewal will not be granted if your attendance and/or grades were bad at the Japanese language school, even if you are admitted to enter Waseda University.

2. If you have a status of residence other than "Student"

If you currently have a status of residence such as "Long Term Resident," "Dependent," etc., there is no need for you to undertake any procedures. However, you may encounter difficulties when using various services and systems intended for international students.

If you wish to change your status of residence to that of "Student," please process the "application for change of status of residence." For details regarding this application, please see "How to change your visa status", Visa-Related Procedures, the website of the Center for International Education at:
<http://www.cie-waseda.jp/visastatus/en/current/changevisastatus.html>

①A Certificate of Admission

After you admitted, if you wish to apply for extension or change your status of residence before you are given student number, you need a "certificate of admission" to make an application. After paying the admission fee and designated school expenses, please make sure to submit a request to the office of the school you are scheduled to join to issue an original copy of the certificate of admission.

②Application for extension or change of your status of residence

In order to apply for an extension or change of your status of residence, you need a completed application form with an official stamp of Waseda University.
