Notes

- The size of each class is about 15.

■ Leave of Absence/Study Abroad during enrollment of “Junior/Senior Seminar”

①Leave of Absence

For students taking a leave of absence during enrollment of “Junior/Senior Seminar”, the “Seminar” that you passed before your leave of absence will automatically be registered upon returning to school. Note that 8 credits of “Junior/Senior Seminar” are required for graduation, thus the registration for the remaining “Junior/Senior Seminar” credit requirements will be necessary.

②Study Abroad

For students who go to study abroad during enrollment of “Junior/Senior Seminar”, the credit obtained while studying abroad will be counted towards graduation within the “Junior/Senior Seminar” category by the credit recognition. The “Seminar” that you passed before your study abroad will automatically be registered upon returning to school. Note that if you fail to obtain the credits during your study abroad, you are automatically to enroll at school beyond the requisite number of years as no credits are recognized in the category of “Junior/Senior Seminar”.

■ Capstone Project

TAISI students must complete the Capstone Project (4 credits) and obtain “Pass” mark in the final semester. The Capstone Project is instructed by the professor of the “Junior/Senior Seminar” you belong to.

The Capstone Project can be either 1) Thesis or 2) Project+Report. You can discuss which will be your Capstone Project with the professor and decide either style, but some professors instruct only one type of the Capstone Project. Please check “Introduction to Seminars” for details.

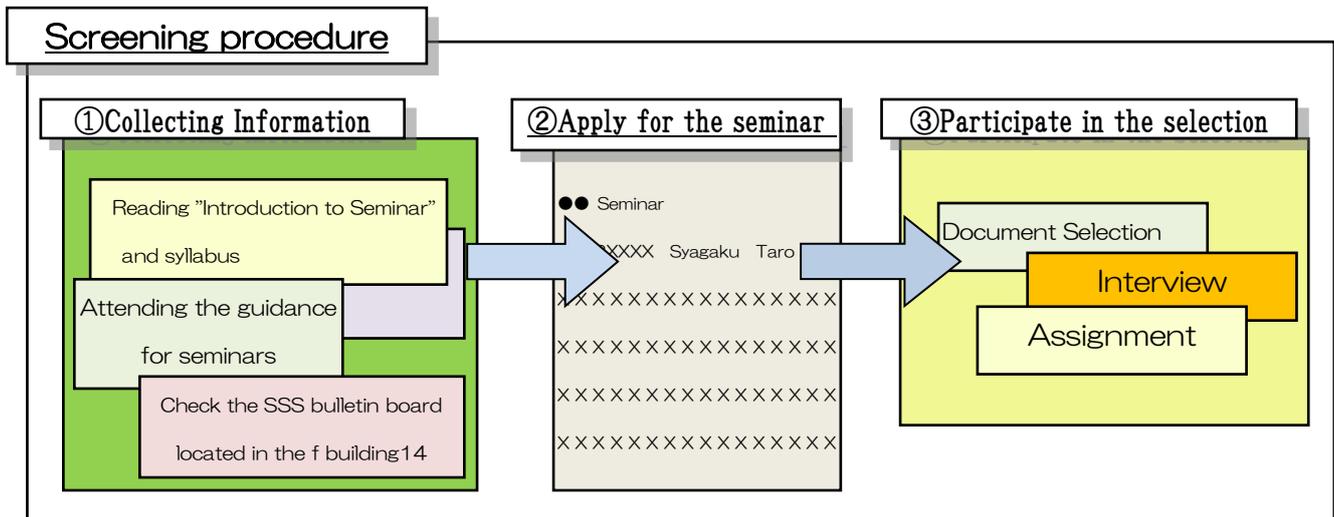

Details of capstone project submissions will be announced before the final semester of enrollment. Please note that all capstone projects will need to be completed in English and will be made public in the School of Social Sciences.

Note that if you are going to study abroad in your final semester, you will automatically be enrolled at school beyond the requisite number of years as you cannot submit a Capstone Project while studying abroad.

2. How to apply for the Seminar ?

Different from general courses, to take the Seminar, you are required to apply for your desired seminar during the application period and pass the screening test. The screening process may differ depending on the seminars, however the standard screening process is: Screening the documents, Interview, Submission of assignment report etc. Only those who pass the screening process are allowed to register for the seminar.

You are only allowed to apply for one seminar at each selection, so please make sure to apply for the seminars after checking every detail such as the details of the seminars and the yearly schedule from “Introduction to Seminars” and the outline of the seminars from syllabus search beforehand.
