

英 語 (Writing)

(問 題)

2024年度

〈R06181621〉

注 意 事 項

1. 試験開始の指示があるまで、問題冊子および解答用紙には手を触れないこと。
2. 問題は2～3ページに記載されている。試験中に問題冊子の印刷不鮮明、ページの落丁・乱丁および解答用紙の汚損等に気付いた場合は、手を挙げて監督員に知らせること。
3. 解答はすべて、HBの黒鉛筆またはHBのシャープペンシルで記入すること。
4. 記述解答用紙記入上の注意
 - (1) 記述解答用紙の所定欄（2カ所）に、氏名および受験番号を正確に丁寧に記入すること。
 - (2) 所定欄以外に受験番号・氏名を記入した解答用紙は採点の対象外となる場合がある。
 - (3) 受験番号の記入にあたっては、次の数字見本にしたがい、読みやすいように、正確に丁寧に記入すること。

数 字 見 本	0	1	2	3	4	5	6	7	8	9
---------	---	---	---	---	---	---	---	---	---	---

5. 解答はすべて所定の解答欄に記入すること。所定欄以外に何かを記入した解答用紙は採点の対象外となる場合がある。
6. 問題冊子の余白等は適宜利用してよいが、どのページも切り離さないこと。
7. 試験終了の指示が出たら、すぐに解答をやめ、筆記用具を置き解答用紙を裏返しにすること。
8. いかなる場合でも、解答用紙は必ず提出すること。
9. 試験終了後、問題冊子は持ち帰ること。

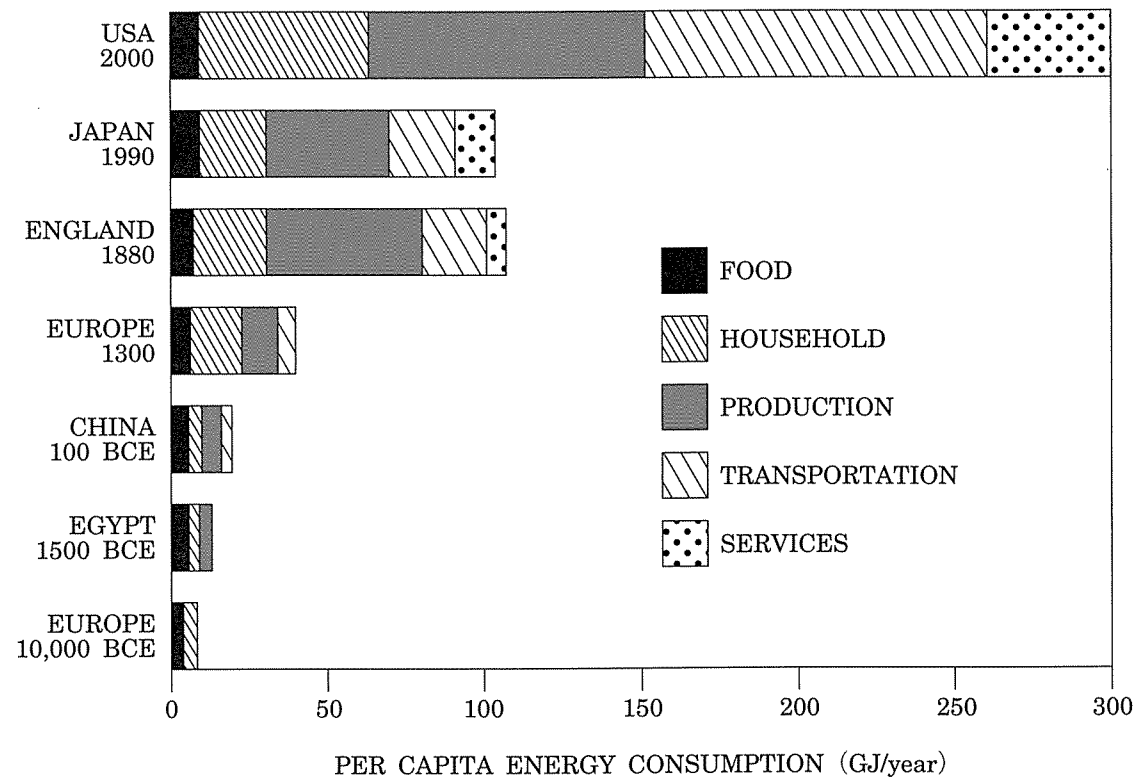

ALL answers must be written clearly within the boxes provided on the ANSWER SHEET.

I Write a paragraph in ENGLISH giving your opinion on the statement below, with appropriate reasons to support your position.

Japan is set to open its first casino, near Osaka, as early as 2029. Considering the social and economic risks and benefits attached to gambling, what do you think about this decision?

II Write a paragraph in ENGLISH answering the question below.

In your opinion, what are the most important facts or trends illustrated by the graph below? Discuss at least two, justifying your position.

The horizontal axis measures gigajoules (GJ) per person per year. A gigajoule is a unit of measurement for energy.

Ⅲ Read the following passage and briefly summarize it in JAPANESE.

Tacos are an internationally popular hand-sized food item of Mexican origin combining seasoned meat, vegetables, and other fillings and served inside a folded or rolled corn or flour tortilla.

Maize has been domesticated in Mexico for at least 9,000 years, and one of the first uses of ground maize was very likely the tortilla, a flatbread made of maize, ground lime, and water. The name taco may come from the Spanish word for dowel, as in a plug to fill a hungry stomach, or, perhaps likelier, from the Nahuatl word tlacoyo, the name of a related foodstuff. The taco is made of that bread base, but its ingredients thereafter can be various. In Mexican cuisine, tacos can contain beef, chicken, pork, fish, and shellfish as well as vegetables such as lettuce, cabbage, radishes, chiles, and tomatoes. Tacos can also be vegetarian, filled with refried beans, avocado, potatoes, and cheese.

Before the arrival of the Spanish in Mexico, the meats eaten in tacos were likely reptiles such as snakes and iguanas, as well as native mammals and birds such as armadillos and turkeys; insects such as grasshoppers were (and are) eaten in tacos as well. With the arrival of Eurasian livestock, tacos acquired a yet more diverse protein base. The Spanish also introduced cheese, lettuce and cabbage, and other foodstuffs, adding to foods of South American origin such as tomatoes, potatoes, and chiles. It is said that if the typical taco were to visit the origins of each of its ingredients, it would have to travel some 64,000 miles.

The taco remains a staple of Mexican cuisine, sold in fine restaurants and street stalls alike. It has also enjoyed international success, embraced everywhere it has landed. In the United States, where “taco Tuesday” has become common nationwide, it is estimated that there are some 50,000 Mexican restaurants, nearly all of them offering tacos. Mexican restaurants abound in major cities in Europe, Oceania, and East Asia, and local variations have been recorded. In South Korea, for example, diners enjoy tacos with the customary ingredients and also with the addition of kimchi.
