

OECD Mission to Japan

Waseda University outreach event

Overview

The Organisation for Economic Co-operation and Development ([OECD](#)) is an international organisation comprised of 38 member countries that works to build better policies for better lives.

Our mission is to promote policies that will improve the economic and social well-being of people around the world. Together with governments, policy makers and citizens, we work on establishing evidence-based international standards, and finding solutions to a range of social, economic and environmental challenges. From improving economic performance and creating jobs to fostering strong education and fighting international tax evasion, we provide a unique forum and knowledge hub for data and analysis, exchange of experiences, best-practice sharing, and advice on public policies and international standard-setting.

Career Opportunities

The OECD seeks to recruit **talented individuals** with **excellent academic achievements, professional credentials, and a successful record of demonstrated performance and results**. Candidates from different backgrounds are welcome to apply as we seek to broaden and enrich our **knowledge base and staff diversity**. Opportunities are available in Policy Research, Analysis and Advice as well as in Corporate Management and Administration.
