<After Arriving Japan>

I. Three procedures at the CITY OFFICE

Please complete the following three procedures at the City Office (区役所) where you live. For example if you live in Shinjuku-ku, you must go to Shinjuku-ku City Office (新宿区役所). The three procedures could be done in the City Office in the same day.

1. Resident Registration *To be done FIRST!

- After your residence is settled, you must take your residence card to the City Office of your residence area (if you live in Shinjuku-ku, go to Shinjuku City Office) within 14 days after your place of residence is confirmed, and register your address at the Resident Division. After registration, your address will be printed on the back of your card, as shown below.

The image shows the back side of a Japanese Residence Card. It is titled '住居地記載欄' (Residence Information Section). The card is divided into several sections. The top section contains the date of issuance '届出年月日' (2014年12月1日), the residence address '住居地' (東京都港区港南5丁目5番30号), and the official seal '記載者印' (東京都区長). Below this, there is a section for '資格外活動許可欄' (Permitted activities outside qualifications) with a note '許可: 原則週28時間以内・風俗営業等の従事を除く'. To the right, there is a section for '在留期間更新等許可申請欄' (Permitted application for renewal of stay period, etc.) with a note '在留資格変更許可申請中'. The card is watermarked with 'MOJ' and 'JAPAN'.

2. National Health Insurance (NHI)

- After your resident registration was completed, go on with the joining procedure for the NHI. By completing this procedure, the "[Eligibility Confirmation Letter \(資格確認書\)](#)" would be provided.

The image shows a sample '資格確認書' (Eligibility Confirmation Letter) for National Health Insurance. It is a form with various fields for personal information. The top section includes '都道府県' (Tokyo), '国民健康保険' (National Health Insurance), and '資格確認書'. The middle section contains fields for '記号' (Number), '番号' (Number), '性別' (Gender), '生年月日' (Date of Birth), '適応開始年月日' (Start date of application), '交付年月日' (Date of issuance), '世帯主氏名' (Household head name), '住所' (Address), '保険者番号' (Insurance number), and '交付者名' (Issuer name). The bottom section has a box for '負担割合' (Contribution ratio) and a box for '印' (Seal). The card is watermarked with 'MOJ' and 'JAPAN'.

- Foreign nationals whose period of "status of residence" is longer than three months are mandatory to join the National Health Insurance (NHI).
- By joining the NHI, you can reduce your copayment down to 30%. For example, if the treatment cost is 10,000 yen, the subscriber will only have to pay 3,000 yen. Please note that some treatments are not covered by this insurance, such as childbirth, traffic accidents, medical examinations, and cosmetic surgery.

- The insurance premium needs to be paid monthly once registration is completed. The premium varies depending on where you live and how much your income is. In Shinjuku-ku, it is about JPY 1,500 per month with student discount.
- When you have medical treatment for injuries or illnesses, you need to present your "Eligibility Confirmation Letter (資格確認書)" to be eligible for the discounted payment.

3. National Pension

- Those who are under 20 years old, DO NOT have to apply for the National Pension Plan. On the other hand, regardless of your nationality, all registered residents of Japan aged 20 to 59 years are obliged to enroll in this plan. This includes students staying in Japan for less than a year.
- Students can apply for a special waiver of the National Pension Plan by submitting the designated form. Please ask the City Office for the details of the procedure.

- After uploading your residence card data on the Residency Check Form, please update your address on MyWaseda immediately. To apply: First login to MyWaseda, and go to [Update Student Profile] > [Change of Personal Information] from the left menu.
- Some time after registering your address on MyWaseda, you will receive a notification from the office of your undergraduate/graduate school about issuing a sticker (with your new address printed on it) for your student ID card. Please pick up the sticker at the office and affix it to the back of your student ID card.

<While Staying in Japan>

I. Opening a bank account

1. When Opening

- In general, you may not be able to open an account if you have been in Japan for less than six months. However, some few banks may allow you to do so before 6 months have passed if you are a Waseda student. (e.g. Japan Post Bank or TOKYO STAR BANK).
 - For more details, your affiliated undergraduate or graduate school office will contact you around the middle of September (except for some schools). Please wait for their email notification.
- Even if you successfully open an account, your account will be considered a “non-resident account” during the first six months of living in Japan. Therefore, the bank places certain restrictions on your internet banking, overseas remittances, receiving money from abroad, and creating credit cards. Once 6 months have passed since your entry into Japan, some banks may request your status to be changed from a "non-resident" to a "resident account". For details, please confirm the procedures by yourself.
- To open an account, your student ID card would be required. You can obtain your student ID card from your undergraduate/graduate school on or after April 1st for the spring semester and on or after September 21st for the fall semester. Please keep in mind that you will not be able to open a bank until then.

2. After opening

- Once you have opened an account, please login to MyWaseda to register your account. Without registration, you will not be able to receive a scholarship. Please remember to register especially if you are entitled to it.
- Regarding how to register your account, please refer to the manual via the link below.
<https://waseda.box.com/s/aq3zx2gli1qdszgeni44p0fhhemt3g7h>

- Be sure that you must close your account before leaving Japan. Failure to close bank accounts may result in unreasonable damages to you. There are cases nationwide where unclosed bank accounts have been exploited by third parties.

3. How to receive money from overseas WITHOUT a Japanese bank account

- You can receive money at the [Western Union](#) agents. Pre-registration is not required; however, please note that the number of agent locations is limited.

II. Extension of “period of stay”

*Only for Regular Students. Exchange students are **NOT** eligible except for special cases*

- Residence card has a valid period of stay. If even only a day passed, your stay would be illegal. Therefore, you need to apply for extension of period of stay if your enrollment will surpass your period of stay. Check your period on your residence card carefully.
- You can apply for the extension three months before the expiration date. Please be sure to complete the extension procedure well in advance.
- Regarding the procedures, please first read the [CIE website](#) carefully (also accessible via the QR code below) to check the necessary procedures.

- **VERY IMPORTANT:**

Please do your best in your studies and to earn sufficient credits while being a Waseda student.
Remember that poor grades may end up with disapproval of the extension of “period of stay”.

- When you extend your “period of stay” or change your status of residence to “student”, please read the CIE website thoroughly before proceeding. If you are still unsure, please contact the CIE office.

IV. Part-time Work Permission

- If you did NOT obtain the “Permission to Engage in Activity other than that Permitted under the Status of Residence Previously Granted” at the airport, you can apply at the Regional Immigration Services Bureau. It will take few weeks to 2 months to obtain it. For how to apply, check [HERE](#):

- It is determined by law that working hours under “Activity other than that Permitted under the Status of Residence Previously Granted (資格外活動)” (part-time employment) must be under as below;

During the class period	28h/week
During the summer/winter/ spring breaks	8h/day and 40h/week

* In case you work beyond this limit, you will be subject to punishment, such as deportation, a fine, or imprisonment.

* You are prohibited from working part-time in any kind of adult entertainment businesses. This includes work such as washing dishes or cleaning in places where adult entertainment is conducted.

- Notes when working as an TA or RA

- If you are a regular student working as a Teaching Assistant (TA) or a Research Assistant (RA) at Waseda University with a “Student” status of residence, you do not need to apply for “Permission to engage in Activity other than that Permitted under the Status of Residence Previously Granted (資格外活動)” However, working hours as either a TA or RA, or both a TA and RA at Waseda University must be

under 20 hours per week.

- [Non-regular students (including exchange students)]

As a general rule, non-regular students (including exchange students) cannot work as a TA or RA, but if circumstances allow them to work as a TA/RA, "Permission to engage in Activity other than that Permitted under the Visa Status Previously Granted (資格外活動許可)" is necessary.

- [Regular students]

Regular students who will be doing work other than as a TA/RA must apply for "Permission to engage in Activity other than that Permitted under the Visa Status Previously Granted (資格外活動許可)".

<Other Useful Information>

I. Cautions for renting a room/place

[Important] Regardless of nationality, numerous reports of trouble have been received by the university. In particular, there are many cases where garbage disposal and noise are a source of trouble. For a comfortable and safe study abroad experience, please take extra precautions on a daily basis.

- Observe the local rules of garbage separation. In particular, there are many problems with sorting methods, days of the week for garbage disposal, and methods for disposing of oversize garbage. Be aware of garbage issues.
- Remember to pay your rent in advance. Be sure to pay the rent for the following month by the specified date (e.g. no later than the end of the previous month). While you are away on a long vacation, do not forget to pay the rent for that specific period of time.
- Do not allow your friends, families, or others to rent out a room (including Airbnb) during your absence.
- Inappropriate noise levels often cause neighborhood problems. Avoid making loud noise late at night.
- You are not allowed to share your apartment intended for single occupancy with anyone else under the contract.
- Be careful of details regarding your contract when terminating or renewing a rental agreement (especially rent money).
- Restore the room to its original condition (When you move out, the fixtures and fittings are in the same condition as when you moved in).
- If you want to terminate your current lease contract early to move to another property, you will need to contact your contract partner in advance (ordinarily at least 1 month before the date you are leaving the room).
- Consult with the landlord or the real estate company immediately about your housing issues.

II. Stress care: How to manage your stress

- While living in a foreign country for a long time, many international students, to a greater or lesser extent, feel some kind of stress due to various factors. You should, therefore, pay particular attention to your stress.
