While students may enrol in 200 and 300-level courses, these courses are typically more advanced and often require prior study as a prerequisite. To ensure a manageable academic workload, we recommend prioritising 100-level courses. For example, ACADENG 104 is a 100-level course, whereas EDUC 213 is a 200-level course.

Study abroad students (COPOS) can now directly enrol into most courses (some exceptions apply). However, student should apply for “concession” to enrol in courses that require Auckland faculty approval. In this process, faculties assess whether their prior study meets relevant course prerequisites and notify them accordingly.

In some occasions, they may be asked to provide course outlines/syllabi in English for courses equivalent to Auckland prerequisite requirements.

Accommodation plan

Students going to the University of Auckland for the English and Study Abroad programme (COPOS) will typically be placed with an English Language Academy approved homestay for the first four weeks. This enables Waseda University students to live with New Zealand families, experience the 'Kiwi' lifestyle, and practice English in an everyday situation.

Then with the assistance of the English Language Academy staff, students may choose to move to alternative accommodation or continue in homestay. University Residence accommodation is available during one semester of study at the University of Auckland (subject to the availability of places). Advice can also be provided on renting accommodation for single or shared use.

ELA Homestay

Homestay accommodation is a great way to learn about Aotearoa New Zealand culture and to practice your English in a friendly and relaxed environment when the students are enrolled in ELA. Families are selected on the basis of providing such support and are experienced in caring for students from many different cultures. In a homestay you live with a family, have your own room, and 2 meals (breakfast & dinner) on weekdays and 3 meals on weekends are provided. Most homestays are within 70 minutes from the ELA by public transport (Bus fare \$4-7 per way).

The main criteria for homestay placements include:

- The family is English-speaking.
- The family is able to provide a well-furnished single room for the student.
- Dietary requirements of the student are taken into account.

NOTE:

Some of our families host more than one international student, including those from your country who may be from the same group. This allows the students the chance to share their home with another student, while ensuring each student has their own private room.

University Accommodation

Living in University Accommodation is a great way to immerse yourself in campus life as you adjust to a new environment.

Students are mostly placed in a single room at self-catering and mixed-gender accommodation unless they request special arrangement to the University of Auckland accommodation office.

- Living with Kiwis and other international students
- Located within easy walking distance of City Campus
- Utilities and free-to-air TV included in fees
- Free use of the University Wi-Fi in each property
- Sport and Recreation Centre membership included in fees
- Residential activities and support

Waseda students will receive guidance regarding the schedule of submission of the University Residence applications once the course commence. Students are required to submit the application and will need to express their interest with their application form before the due date. They will be paid a deposit to secure a place at the time of accepting an accommodation offer from the University of Auckland Accommodation team.

Students can receive a full refund of accommodation deposit and placement fee for any accommodation withdrawal made due to an unsuccessful application for university admission. Students must email the Accommodation Solutions Team at accom@auckland.ac.nz with their full name and Student University of Auckland ID number, indicating that they wish to withdraw and the reason for their withdrawal. The University does not accept withdrawal applications over the telephone; they must be in writing from the person whose name is on the residential agreement. If students withdraw for any other reason, University of Auckland Accommodation withdrawing/changing policy will apply.

Note:

- (1) There will be a compulsory one-off charge of Residential Services Fee that must be paid prior to checking in. This fee covers year-round community engagement activities, access to the University Recreation Centre, and laundry facilities and must be paid for each new residential term.
- (2) The period of the university residential agreement is fixed. Students will be required to pay for the accommodation for the full period they have agreed to even if they arrive later than the start date or leave prior to the end date. All credit card and debit card payments will incur a 1.9% Convenience Fee. This will be added automatically when you make your payment.

Sumirena, Japan

“I think the research project at ELA has helped my semester study at the University of Auckland as it taught me how to write a discussion essay based on empirical research/evidence. I liked the teaching style at ELA as the classes were well-structured, and the signposts were clear enough to go along the pathway of the research journey.
