

That's exactly why their environment for international students is so well-equipped!

For example, Waseda offers one of the **largest selections of English-based courses** in Japan!

And that's not all. Their **Japanese language courses** are available at different levels, so you can learn at your own speed and dive into subjects that interest you.

Lively **welcome events** and a **wide range of campus activities** help you get involved and feel at home right away.
