II. Japanese Language Program Policies

Policy on accepting students (Admission Policy)

We welcome students from every region in the world who have a strong intellectual curiosity, a high motivation to learn, and a clear goal to learn Japanese after fully understanding the diploma policy, curriculum policy, and learning support policy of the Japanese Language Program.

➤ Policy regarding the completion of program (Diploma Policy)

The Japanese Language Program is aimed at training students to become individuals who can function in a global society with a broad perspective, free from the constraints of current nations or cultures—individuals capable of understanding multiple languages and cultures and able to think on their own and work in collaboration with other people. The goal of this program is to foster global citizens, able to use their problem identification-solving skills, creative imagination, critical thinking skills, and knowledge of different cultures to create a new society.

➤Policy on creating and utilizing curriculums (Curriculum Policy)

We provide an opportunity for individual students to proactively learn Japanese according to their own needs based on their understanding of how significant the Japanese language is in their own lives. To help individual students fully develop their potential, we allow them to develop their own curriculum and design their own learning by combining a variety of Japanese language subjects and general education subjects.

➤Learning support policy (Support Policy)

We develop a support system aimed at helping international students learn independently. This includes providing advice about how to enroll in Japanese language classes and how to learn the Japanese language. At the same time, we collaborate with related organizations to develop a comprehensive support system to assist international students in learning both inside and outside the classroom.

- 2. Non-degree students are required to take 10 or more hours of courses per week.
- 3. Those with "Short-Term" visas are not eligible for university enrollment.

- 5. If you wish to change your visa status to that of "College Student" or extend period of stay of your current visa, please complete the procedures for the "Application for Change of Status of Residence" on your own.
 - If you already have "College Student" visa, due to enrolling in other Japanese language institutions in Japan, you should ask the Immigration Bureau if it is possible to extend the period of stay or not before the enrollment of our program.
- 6. If you fail to submit any required documents or submit incomplete documents, we will not process

IV. Others

- (1) It is the student's responsibility to find her/his own accommodation. The Center for Japanese Language will provide some dormitory information. Refer to our website for more information.
- (2) Housing Information will be sent to successful applicants. However, your housing application may not be able to be accepted under certain conditions.
- (3) Waseda University Student Dormitories (e.g.WISH) are not available for the students of this program.

2. Scholarship

*We will make an announcement on our website if a scholarship system becomes available for the students of this program.

3. Living Expenses

In order to live in Tokyo as an international student and study at a university, expenses other than tuition fees are necessary. These include rent, heating, transportation, food, and book expenses etc. Even taking into account individual differences, the student should be able to afford about the following minimum living expenses for one year, in addition to the tuition fee.

Rent: 600,000 yen
Food and Living Expenses: 444,000 yen
Others (Insurance, medical expenses, entertainment, etc).: 264,000 yen

Total: 1,308,000 yen

4. Living in Japan as an International Student

When entering a Japanese university as an international student, one must obtain "Permission of Stay as a <u>College Student</u>", based on the Immigration Control and Refugee Recognition Act. Other "Status of Residence" does not give you official status as an international student. Therefore, medical support and other systems cannot be provided.

International students whose status of residence is "<u>College Student</u>" may be given permission to engage in part-time work according to the Immigration Control and Refugee Recognition Act. This must be within the limit of 28 hours a week. However, it is normally not possible to earn an amount sufficient for living through part-time work, and it is difficult to work and study at the same time. Therefore, when applying for admission, a sufficient source of funding is necessary.

5. Medical Coverage

Students who hold a "College Student" visa must apply for National Health Insurance to receive insurance coverage.

6. Transportation Fees

Students in the program can purchase railway and bus commuter passes at student discount rates.

Note that the University may outsource all or part of the above-stated items. In such cases, the University will oblige, by contract or other means, the subcontracted entity or entities to perform necessary and appropriate management of the information. The University may inquire about the authenticity, etc., of documents, materials, theses, and information, etc. submitted to the University (hereinunder, "Submitted Related Documents") by providing said Submitted Related Documents to the issuers, providers, theses review entities, etc. By submitting or providing the Submitted Related Documents to the University, the applicant agrees to the University's right to make such inquiries.
