イベントでは産地や製法にこだわった上質で美味しい日本酒を数種類ご用意！カフェ交流タイムでは日本酒の奥深さ・味の広がりを試飲しながら参加者同士交流しましょう。みなさんのご参加をお待ちしております！

Hey everyone! Do you know about "Slow Food"?

Slow food is a movement to enjoy eating by knowing the history and background of local cuisine and ingredients and giving a thought to manufacturers. As part of the worldwide boom in Japanese sake, there is also a movement within Japan to spread information about "Slow Sake" around the world too. For this Talk Session, the ICC has invited Food Culture Coordinator and leader of the project "Slow Food Nippon Slow Sake" Natsuko Tabata to explain the main ideas behind slow food and talk about the Japanese Sake.

And we have also prepared several kinds of Japanese Sake, made from the finest local ingredients and made with exemplary brewing methods and producing areas for you to try! During the cafe time you can mix with the other participants while also sampling the depth and breadth of flavours of Japanese Sake! Don't miss this great chance to experience Japanese slow style!
