Positive/Empirical Analysis of Political Economy vol.04

2020年1月に新型コロナウイルス感染症(COVID-19)の日本国内感染が初めて確認されて以降、スーパーグローバル大学創成支援事業(SGU)早稲田大学実証政治経済学拠点の活動もそれ以前とは一変した。今、当拠点の2021年度事業を締め括るにあたり、その困難な時期にあっても変わることなく拠点の活動を支えて下さった皆さまに感謝の意を表するとともに、このコロナ禍での活動を振り返る。

2020年度の正規科目は、訪問教員の来日が困難となり、取りやめとなる講義もあったが、拠点では6科目を開講した。(2020年度正規科目は[こちら](#)から)

2021年度は、対面とオンラインのハイブリッド方式も組み入れ、9科目を開講することができた。日本への入国が難しい外国籍教員には、海外からオンライン講義を行っていただいた。次年度も引き続き、海外の優秀な教員の招聘に努め、対面・オンライン双方で本学の学生に魅力ある授業を提供していきたい。

今年度冬学期の最後を締め括るミラノ大学のルイジ・クリーニ教授は、様々なテキストデータをもとに政党や政治家の位置推定を行い、最先端の研究を行っている気鋭の学者である。SGUの開始間もない2015年度から7年連続で、マニフェストやSNSデータをもとに計量テキスト解析の最先端のテクニックを教える「Polimetrics」の授業を担当していただいている。専門分野の実習を通して、今年も多く多くの学生が国際水準の分析スキルを習得した。

AY2021 Advanced Topics in Political Science / in Economics

《春学期/Spring》

"The Far Right Today"
MUDDÉ, Cas (University of Georgia)

《夏学期/Summer》

"Advanced Experimental Economics"
NOUSSAIR, Charles Nabih (University of Arizona)

"Game Theory and its Application to Political Economy"
KORIYAMA, Yukio (École polytechnique)

"Global Economic History"
METZLER, Mark David (University of Washington)

"Causal Inference"
YAMAMOTO, Teppei (Massachusetts Institute of Technology)

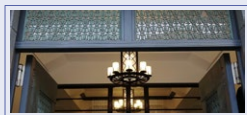

"Survey Experiments"
CRABTREE, Charles David (Dartmouth College)

"Computational Approaches to Complex Systems and Networks with Python 1"
SAYAMA, Hiroki (Binghamton University, State University of New York)

《冬学期/Winter》

"Corporate Governance and M&A"
MEHROTRA, Vikas (University of Alberta)

"Polimetrics - Applied Scaling & Classification Techniques"
CURINI, Luigi (University of Milan)

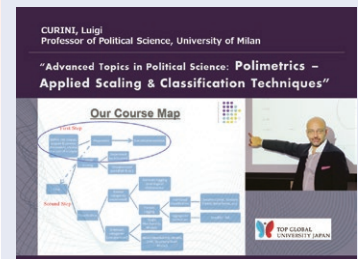

Since the first case of the novel coronavirus (COVID-19) was confirmed in Japan in January 2020, the Top Global University (TGU) Project, Waseda University Center for Positive/Empirical Analysis of Political Economy has experienced a drastic change in its activities from those of the pre-COVID-19 era. As we conclude our 2021 annual activities, we would like to express our deep gratitude to all those who have continued to support the Center's activities throughout these difficult times, and we would like to reflect on the activities in which we engaged during the COVID-19 pandemic.

During the 2020 academic year, although some lectures were canceled due to travel restrictions, making it difficult for visiting faculty members to come to Japan, six courses were offered at Waseda University. (Click [here](#) for regular courses for 2020)

In 2021, a hybrid system composed of nine courses was introduced, where both in-person and online lessons were offered. International faculty members who had difficulty entering Japan were invited to give lectures online from their countries. In 2022, we will continue our efforts to invite excellent international faculty members and provide attractive in-person courses to our students, as much as possible, and also online.

Professor Luigi Curini from the University of Milan, who concluded the 2021 winter semester, is an energetic, passionate scholar who has been vigorously conducting cutting-edge research on estimating relative positions of political parties and politicians based on various textual data. For seven consecutive years, starting in 2015 soon after the initiation of our TGU Project, he has been teaching a polimetrics course, which uses manifestos and social network data to teach the latest techniques in quantitative text analysis. Through hands-on training in this specialized field, many students have acquired extensive analytical skills.

クリーニ教授を招聘する政治経済学術院日野愛郎教授の専門は比較選挙学である。選挙制度は国によって大きく異なるため、その制度環境がどのように有権者、候補者、政党、メディアに影響を及ぼすかを客観的に分析・研究している。日野教授は米国に留学、その後英国エセックス大学で政治学博士を取得した後、ベルギーでの研究生活を開始し、クリーニ教授が所属するミラノ大学でも研究活動を行った。日野教授がクリーニ教授の招聘を決めたきっかけは、政党や政党システムに関する共同研究を行っていたことであり、SGU訪問教員として授業を受け持つことをご快諾いただいた。2015年から継続して拠点の活動にご貢献いただき、クリーニ教授には心より感謝を申し上げます。

Professor Curini has been invited to teach by Professor Airo Hino from the Faculty of Political Science and Economics. Professor Hino specializes in comparative electoral studies. Since electoral systems vary greatly from country to country, he objectively analyzes and studies how an institutional environment affects voters, candidates, political parties, and the media. Professor Hino studied in the U.S. and later obtained a doctoral degree in political science from the University of Essex in the U.K. He then started his research career in Belgium and also at the University of Milan, the home institution of Professor Curini. Professor Hino and Professor Curini have conducted joint research on political parties and party systems. Upon Professor Hino's invitation, Professor Curini kindly agreed to provide a course at Waseda University as a visiting faculty member. We would like to express our sincere appreciation and gratitude to Professor Curini for his continued contributions to the activities of the TGU project since 2015.

先にも述べたように2020年1月以降、当拠点の活動も大幅に見直しを余儀なくされたが、そんな中でも粛々と活動計画を実行してきた。その2年間の活動をご報告する。

As mentioned earlier, the activities of the Center have had to be drastically revised since January 2020, but despite this, we have continued to resolutely carry out our action plans. The following is a report on our activities over the past two years.

大学院生海外派遣活動においては、渡航が叶わず留学を志すことが難しくなった時期でもあり、代替措置として、海外の著名なオンラインスクールへの参加費の補助を行った。

During these two difficult years, the overseas travel grant program has had difficulty sending students abroad and it has also been difficult for aspiring students to study abroad. As an alternative, we have provided a subsidy for students' participation in prominent overseas online programs.
