Positive/Empirical Analysis of Political Economy vol.06

2023年度はスーパーグローバル大学創成支援事業の集大成の1年となります。2022年秋に渡航規制が大きく緩和された事により、コロナ禍で停滞していた海外からの教員招聘や海外への学生渡航支援も活発に動きだし、大きな成果を上げることができました。本号では実証政治経済学拠点の活動に長くご貢献頂いてきた教員による科目、及び、数々のセミナーやワークショップを一覧にてご紹介します。詳細からは、シラバスや報告記事をご覧ください。

The 2023 academic year will be the culmination of the Top Global University Project. With the lifting of travel restrictions in fall 2022, the Center for Positive/Empirical Analysis of Political Economy was able to actively invite faculty members from overseas and support graduate students' travels overseas, which had been hindered due to Covid-19 for two years. Accordingly, we were able to achieve great results in the 2022 academic year. In this issue, we will introduce not only the regular courses by faculty members who have contributed to the activities of the Center for a long time, but also the numerous seminars and workshops held in person. We would be grateful if you could click "View More" for the different syllabuses and event reports.
