

Attendance Notice for our Student Job Seminar On-Demand Training Lesson

※As a working Student Job staff member, please attend our lesson.

When

Broadcasting starts on May 11, 2017 (Thurs.)

*Please attend the lecture if you are working a Student Job (On-campus part-time jobs: TA, RA, RS, Temporary Staff)

Overview

On-Demand Training Lesson (Language: Japanese • English/No subtitles) (Approx. 40 min.)

Applicable to

Currently enrolled graduate and undergraduate students who work a Student Job (On-campus part-time jobs: TA, RA, RS, Temporary Staff) or students who are interested in working a Student Job.

Themes

Working on Campus / Basic manners for working on campus / Information security / Understanding and prevention of harassment in the workplace

How to Watch

Login to Course N@vi→ Under the course *Student Job Seminar*, listen to and watch the whole video, then take the review test.

From 2017 onwards, the Student Job Seminar will be held. This training lesson seeks mainly convey to you the expected mentality of what it means to work on-campus, the basic manners you are to abide by, as well as content related to information security, as well as nurture foundations for becoming a member of society. Please attend this lesson if you choose to work on campus.

【Caution】

- Currently enrolled graduate or undergraduate students are to attend this lesson in the case that they are to work a Student Job (an on-campus part-time job). Once you have finished attending the training lesson, there is no need for you take it again every year or every semester, even if you are working more than one Student Job.
- Attendance of the training lesson does not count towards working hours.
- Although this training session is directed towards students who are to work a Student Job (an on-campus part-time job), any student enrolled at the University are allowed viewing access.
- Please check the Course N@vi viewing methods though the Waseda University Information Technology Service Navigation.
