Workshop on Climate and Environmental Economics

Saturday, April 22, 2023 Room#14-401, Building 14 (School of Social Sciences), Waseda University

Co-sponsored by

Graduate School of Economics, Kobe University / School of Social Sciences, Waseda University
Waseda Institute for Advanced Study / Research Institute for Environmental Economics and Management
National Institute for Environmental Studies

10:00 Opening Remarks

10:10 Session 1 (25min for presentation, 10min for discussion)

Hiroaki Sakamoto, Kobe University

Feedback-adjusted Carbon Prices

- Kohei Kamaga, Sophia University

Evaluating Climate Policies by the Pareto Principle: Efficiency When Future Identities are Unobservable

- Christian Traeger, University of Oslo

The Climate Risk Premium

12:00 Lunch Break

13:20 Session 2 (25min for presentation, 10min for discussion)

Rintaro Yamaguchi, National Institute for Environmental Studies
 Comprehensive National Accounting for Carbon Emissions

- Daiju Narita, University of Tokyo

Evaluating the Robustness of Project Performance under Deep Uncertainty of Climate Change

- Shun Chonabayashi, Soka University

Temperature Measurement Errors and Climate Change Impact Estimates

15:10 Coffee Break

15:40 Session 3 (25min for presentation, 10min for discussion)

- **Ken-Ichi Akao**, Waseda University

Critical Capital Stock in a Continuous Time Growth Model with a Convex-concave Production Function

David Wolf, Kobe University

The Importance of Market Boundaries: Hedonic Valuation of Risk Following the Tohoku Earthquake

- Aline Mortha, Waseda University

Effect of a European Carbon Border Adjustment Mechanism on the Asia and the Pacific Region: a Structural Gravity Analysis

17:30 Workshop Close
